“If you are working on something that you really care about, you don’t have to be pushed. **The vision pulls you.**” Steve Jobs

We are working to succeed in the Angus business...

David and Mary Ann McMahon started an Angus herd on their homeplace in 1959 as a family project. In the mid-70s, we expanded to the ranch at Lavaca, launched a brand for our cattle business, and held our first sale at Belle Point Ranch in 1978. Susan and I started in Junior Angus when she was 7 and I was 9. It occurred to me today that I have been in the Angus business for 50 years! (Whoa, you can do that math on your own.)

The process of improving a breeding program is like a never-ending road trip – and it truly can be the time of your life!

Larry Cotton has been a friend and advisor for our family for many years. His lesson to “pay attention” is always key. I think it’s really about vision, letting a glimpse of what’s ahead light the way and allowing it to show you the path. After our dad’s death in 2016, we recognized the amazing opportunity we had been given in the changing times of the Angus world. We quickly assembled a set of goals for where we wanted to go with our ranching business. As a team, we developed strategies and rallied ‘round the well known mantra “Think Big. Start Small. Move Fast.” Here’s where our path has taken us...

Created two new ranch entrances and driveways on Highway 22 and Highway 96. Safety improvements to driveways and roads for cattle transport, hay trailers and bulk feed deliveries. Built steel perimeter fences using bull panels, continuous fence and woven wire.

North side of Highway 22: Redesigned working facility for sale and year-round use. Demolished old steel pens, reclaimed land and improved drainage and fencing. Updated sale pens to make displays more effective, and load out and parking easier and safer for guests. Created pens for monitoring heat and checking calving cows.

South side of Highway 22: Remodeled former hay barn into new working facility suitable for elite cattle development, donor care for ET and IVF. Installed Coenco fans, Riverrode pens, efficient lighting, garage doors, office and tack room. Demolished old pens at Round Top Barn, improved drainage, redesign is in progress. Continual renovation and repairs of ranch houses.

Redesigned pastures for better forage and improved efficiency of cattle movement with internal electric fencing. Rebuilt sheds, installed new waterers and improved quality of ponds and the quarry. Land reclamation projects: roads, driveways, drainage culverts, repaired erosion using shale from our own quarry. Soil sampling and planting soil improving crops, established feed pads. Leased additional 373 acre farm from a longtime friend of DNM, Sr. who has provided hay for years; land is utilized for hay and grazing.

Upgraded all ranch vehicles, tractors, hay equipment and added a utility vehicle for better maneuverability within pastures. Upgraded feeding practices with equipment: bulk feed bin, cake box, bale bed, supplement tubs, creep and bulk feeders, hay rings. Worked with Purina® nutritionist to identify needs and formulate rations. Continual testing of hay and forage development. Redeveloped a more aggressive vaccination program with advice of Jonathan Cooper, DVM while continuing to vaccinate for Anaplasmosis annually in spring. Installed CattleMax program to improve input of cattle records. Established collection process for genomic samples at time of tagging and weighing calves. Increased connection among key members of the ranch team with frequent phone call meetings, regular follow-up and progress reports.

Established a new vision for our Angus breeding program: cultivating the most advanced genetics utilizing both EPDs and phenotypic selection to acquire foundation females and updated herd sires from “the best brand names in the business.” Constantly staying ahead by sourcing and acquiring semen from up-and-coming AI sires. With strategy development and coaching by Brent Cooper, developed AI, ET and IVF practices and protocols for heat detection and timed-breeding. Created an alliance with Cooper Cattle as an ET cooperative herd. Continuing longtime connection with Trans Ova Genetics, and a new working relationship with Dale Whitaker for ET and IVF programs.

We’re certainly not finished – improvement is an ongoing process. In fact, improvement is the singular mission of a seedstock breeder. Through working together over the past five years our ranch team has refined our individual roles, discovered shared passions and even grander visions and, most important, taken on a daily desire to create progress. The good news is, no matter your herd size, location or goals, in today’s Angus breed, there’s a pathway to opportunity for YOU too.

Julie McMahon French

...and there’s opportunity for you on our path!

We look forward to building relationships with all the folks who come to Belle Point.

You may come as a customer, but you’ll leave as friend – as Dave would say, “All because of the Angus cow!”

Your time and effort to be with us on April 17 – in person, on the phone, the internet, or in spirit is appreciated!

At a gathering of people traveling from different areas each of us impacts all of us. With respect for COVID-19 best practices, we are providing socially-distanced seating and limiting direct contact by serving a wonderful gourmet box lunch.

Showing responsibility in our community is important to us. We ask for your consideration and cooperation helping us provide a safe and enjoyable environment for all sale guests.

Welcome Angus Friends,

We are pleased to invite you to attend the Belle Point Ranch Sale on April 17, 2021. The safety and well being of everyone is first and foremost at Belle Point, but the McMahon family feels that 2021 is the right time to continue the tradition of the Belle Point Ranch Production Sale. Needless to say, 2020 was a challenging year for everyone and we are so thankful for all of the medical advances designed and available to combat the pandemic, assisting in clearing the way for all to move on with our lives and businesses.

Those of you that have visited and attended recent sales at Belle Point have certainly witnessed many improvements and changes of the facilities at the ranch. You will note on page 1, a progress report on the many ranch improvements at Belle Point and as stated, there are many. Mary Ann and the entire McMahon family continue to improve the production capability of the land base and facilities.

We can attest that the excitement level at Belle Point could not be greater!! The cattle management and breeding improvements in the herd is unequalled in the history of the program. The individual females in this excellent sale offering check all of the boxes: pedigrees, individual genomic profiles, trait rankings, phenotype and best of all, Belle Point Ranch!! The goal of every Angus breeder is to make genetic improvement in their herd which in turn, will assist in improving the quality level of their customer herds. The McMahon family is confident the females in this offering will provide a noted genetic improvement to any herd. Please review each of the individual highlights and management groups.

Those that knew David McMahon realized he was unique in so many ways. His marketing approach was visionary! He not only understood how to market cattle, but he always seemed to have the right cattle for the times. That marketing approach continues to this day. The right cattle at the right time!

This year's sale offering is unique, diverse and select. As the tradition continues at Belle Point Ranch of building a strong genetic base, notice the UNIQUE offering of SELL ONE/KEEP ONE wherein you have the opportunity to share the best from the herd by selecting one of a pair of females and Belle Point retains the other as a key herd building female. These unique lots are featured throughout the sale!

Also review the offering from the guest consignors: Little Cedar Cattle Company, Steve & Julie French and Fred & Shirley Williams of Fair Oaks Farm.

We're excited about the upcoming Belle Point Sale and all at Cotton & Associates are pleased to be part of the Belle Point Ranch program. We look forward to seeing you at the sale and if we can be of service in any way, please feel free to give us a call.

BELLE POINT FOOTNOTES...

are mostly limited to reporting the calf at side and breeding information. That's because Dave decided a long time ago to keep the "mumbo-jumbo" to a minimum to encourage you to do your own homework evaluating what's important to YOU. (That still suits us fine!)

Ways to do your homework...

- Decide how you DEFINE SUCCESS, now and in the future.
- Consider pedigrees, numbers of all types, and rankings.
- Ask for the opinions of sale managers and other industry experts.
- Listen to your own experience and set your priorities.
- Visualize what GOOD looks like to you.
- Go look at 'em, or ask a trusted person to report and analyze what they see.
- Determine VALUE to your program. (Value is not what something costs, but what it's worth.)
- Stay focused on cattle that will do the job achieving YOUR GOALS!

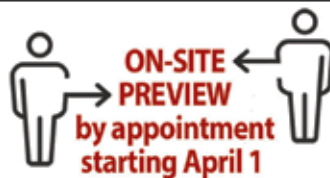

*Watch the Sale
Live Online...*

CCI.LIVE

ONLINE BIDDING - Catalog - Videos - Sale Order - Plus More!

View the sale from your phone, tablet, or desktop computer and bid with confidence! Visit www.CCI.live for complete sale information and online registration. If this is your first time to CCI.live, visit the web page and get approved for bidding at least three hours prior to sale time. With good internet speeds you can enjoy the sale from any location and bid with confidence.

NEW!

**We're offering MORE TIME
to study the OFFERING and
think about your purchase!**

You are welcome to preview the cattle in advance of the sale - at your convenience!
Leave VM for Madeline Taylor at 479-674-5143 to schedule

So...what's **NEW** at Belle Point?

- Sale Date – Saturday, April 17, 12:30 p.m. CST
- Videos of ALL Sale Lots posted on CCI.Live
- On-Site Preview at your convenience starting April 1 (by appointment)
- Trailer Parking on North Side of Hwy. 22 – East of HQ, turn at sign (page 50)
- Drive-Thru Load Out – Same location at HQ, easier and faster (page 50)

- Hotel Headquarters – Homewood Suites, 479-452-7100
7300 Phoenix Ave, Fort Smith, 72903

Call the hotel directly to make a reservation, OR visit our website to access a link for online reservation.

- **POSTPONED** Friday Get-Together

Due to the complications of hosting large social events under state COVID restrictions, we hope you'll "take a rain check" for our usual gathering.

There are lots of great restaurant choices in the hotel area and in downtown Fort Smith! Visit www.fortsmith.org for ideas.

- **RSVP** if you plan to participate in the sale **ON-SITE**
We will greatly appreciate your reply to help us plan.

*CALL 479-782-5579 or use the **REPLY FORM** on our website: www.bellepointranch.com*

When you see this note, you'll know we are offering to share a female who is slated to be a Belle Point "herd builder."

**We've paired two equally desirable females.
One sells. One stays. You get to make the call.**

We are committed

to accessing the most progressive female lines in the Angus breed to continually build and enhance our cow herd with unique individuals that are structurally correct, functionally efficient, dependably productive, and prudently balanced in the essential traits.

We embrace performance data, genetic evaluation and genomic technology.

First and foremost, we believe that cows and bulls have to be ABLE do their most basic jobs.

That's why we never underestimate the FUNCTIONAL TRAITS you can SEE.

For example, for many years we have quoted the veteran AAA Regional Manager Waymon Ashley, and what he said couldn't be more true today:

"Give me an EPD for shoulders, and then let's start talkin' about calving ease!"

We believe you've still gotta go LOOK at 'em to evaluate the essential traits that impact functional efficiency.

Sure, there are a lot of changes going on 'round here.

But one thing will always stay the same: we're here to help you be SUCCESSFUL and ENJOY being in the Angus business.

the **Best** BRAND NAMES in the business!

**We put these
HIGH VALUE
Herd Sires on
our "payroll"
assigned with
a specific job:
delivering \$\$\$.**

For many years Belle Point Ranch has made a significant financial investment in herd sires bred by the leading Angus operations in the country – the best brand names.

We will continue to acquire, prove and promote our own herd sires, and their herds of origin.

Our herd sires are not considered by us to be "clean-up bulls." Their role is essential in our practical management system, and they are very effective ensuring that we produce calf crops that make money.

Study them on pages 4, 5 and 6 and see them when you visit the ranch before, during, or after the sale!

■ Due 9/18/2021. Recipient 2715 (Registered Angus, AAA 17485300)

Ruby 8794 is a powerful headliner of the breed's top source of RE – the herd sire producing Ruby family.

She is a granddaughter of the \$500,000 record-selling female ever produced in the 44 Farms program, the now-deceased High Roller Angus donor, 44 Ruby 2357.

Connealy Clarity is a unique outcross sire with an elite \$C ranking, muscle expression, stoutness and foot quality. Jerry Connealy describes Clarity's dam as "a perfect-uddered Confidence Plus daughter."

Examples of the "Magic Cross" VAR Discovery 2240 x 44 Ruby 2357 44 Bragging Rights & 44 Ruby 4399 are full sibs of this mating

Fast Pay Makes Fast Friends

**St. Louis
Business
Journal**

By Mark Vittert, published in 1981

First reprinted in the
1989 Belle Point catalog

The stakes of the poker game were getting pretty high. There was more than \$100 in the pot and unfortunately my cards were pretty good. I had to play the hand out. It was 3 a.m. and we'd been at the table for seven hours. I kept meeting the raises, the pot kept growing and all I remember is that the Captain's cards beat mine—flush over straight.

That hand ended the game and we all settled up. Except me. I owed the Captain \$400 and, never thinking of losing that much, I didn't have it with me. I told the Captain that I'd send him a check. He said fine but he also added: "Mark, just remember that fast pay makes fast friends."

We've all heard different versions of the old joke, "the three biggest lies." The joke always begins with the first lie being, "the check is in the mail." There is something special about someone who always follows through on what he promises. Not just that they actually do what they say but rather that they do it when they say they will and that it's done with class.

How many people in business do you know that you confidently could count to follow through on time? The lawyer says the papers will be done on Wednesday. Your big customer says that headquarters wants your payment held up for just another week. The head of personnel says he'll call you on Tuesday about the new job. Well, we all know those who do just what they say are rare indeed. It's so rare, that whenever people do follow through on time I'm really pleasantly surprised and appreciative. Even if the news is bad, I feel positive toward the caller if it was done on time. Stringing people out is a bad habit. Generally, people who reach the top have learned to follow through quickly. As Tom Curtis once told me: "A congressman learns to make as few commitments as possible but when a promise is made, then you must follow through at all costs and promptly."

The place most people fall down is in the category of money. I've found that if you pay quickly, most other obligations will appear to be easily met. "Fast pay" will make you feel better. After you write the check you can forget about the debt. And "fast pay" also keeps the other person from spending those waiting days thinking about your faults. Also, you become the kind of person people want to work with again.

I called the Captain on a Wednesday in February and asked if he would like to invest \$100,000 to \$150,000 in a project I was putting together. He said: "Yeah, it sounds good. I'll put the check in the mail right now. Got to go now. Thanks." Two days later on Friday, I received this crumpled little note in the mail. "Mark: Enclosed is check for \$100 grand. I'll play you bumper pool for the other 50 grand. Good luck, Captain." I suppose this is an example of a man who practices what he believes in.

SydGen Enhance – Sire of Lots 19 through 23

enhance Definition: intensify, increase, or further improve the quality, value or extent of

Usage: Wow, these fancy bred heifers that Shirley brought will enhance any herd!

ORigen on SydGen Enhance:

"The NUMBER 1 sire of progeny registered by the American Angus Association in 2020, Enhance has been the ORigen-ABS sales leader for the past two years after ranking among the top five sales sires offered by ORigen in 2018.

This international favorite increases in popularity as his first calf crops continue to dominate sales. In the 2020 SydGen Sale, an Enhance daughter sold half interest for \$30,000 as the top-valued bred heifer. Fall yearling daughters sold for \$40,000 and \$33,000 to top and highlight that age division, 21 daughters sold for an average bid price of \$10,207. In the November 2020 Connealy Sale, a son was the \$50,000 second high-seller with sons selling for \$66,000, \$47,000 and \$24,000 as the top-sellers of the October bull sale at 44 Farms with another selling two-thirds interest for \$40,000 in the fall bull sale at Express."

SydGen Enhance is owned by Sydenstricker Genetics, Mexico, MO and Mogck & Sons Angus Farms, Olivet, SD

Shirley got started in the Angus business here at Belle Point... and so can you!

5 Bred Heifers *Enhanced by their sire!*

Lot 19 – F O F Fendi 907I stems from one of the oldest and most productive bloodlines on Fair Oaks Farm.

Her dam, F O F Fendi 802I, was born Fair Oaks Farm in 2008 and produced her first AI calf as a two-year-old in 2010. She's had an AI calf every year since then, including three daughters that are in production along with her here!

907I settled after her first breeding and is truly a super star within her contemporaries. Lot 20, 920I, also stems from the Fendi family, and she's also a standout!

Meet the
people
behind the
FOF prefix...

Fred & Shirley Williams
 Van Buren, Arkansas
 Shirley: 479-651-8302
 E-mail: williamsfairoaks@aol.com

For many years, the Belle Point sale has featured sale lots from the herd of our great friends and neighbors, Fred and Shirley Williams. Shirley is a past president of the American Angus Auxiliary and Fred's advertising agency keeps him movin' and shakin' and involved in pretty much everything around "River City."

Shirley is well known in these parts as a very good "cowman!" Her cow business philosophy is rooted in Fred's steady reminder that the margin of profit on seedstock cattle can be pretty slim. She stays focused on con\$tant production, and the carca\$\$ characteristics that ensure high quality BEEF!

Over the years, Shirley has been mentored by some of the breed's greatest cowmen that she met right here at Belle Point. She listens, and thinks, and applies data to practical performance characteristics – udder quality, fertility and cow and calf condition at weaning. Good people, good cattle!

Vintage Blackcap Full Sisters by Maverick

Vintage Blackcap 5025 – Dam of Lots 24 and 25

VAR Blackcap 2066 – Granddam of Lots 24 and 25

VAR Blackcap 9319 – Third Dam of Lots 24 and 25

Poss Maverick – Sire of Lots 24 and 25

Vintage Blackcap 5025 was among our first acquisitions in the early stages of our “Think Big” herd rebuilding program.

She combines the proven female sires Ten X and Upshot with the legendary Vintage Angus and Schnoor Sisters donor, VAR Blackcap 9319.

Woodhill Evergreen U181-A130 – Dam of Woodhill's 2021 Lot 1 Bull
 She and her daughter by Confidence Plus were purchased by Riverbend Ranch
 in Woodhill Farm's "35 Years of Breeding for Balance" Female Sale in 2019.

The Evergreens are the highest income producing family
 ever developed in the Woodhill performance program.

Offering two FULL SISTERS by the rare and valuable CONFIDENCE PLUS
 produced by Belle Point's outcross Evergreen dam who blends
 Cash and CC&7 with the preeminent Woodhill Evergreen family.

Don't miss two more Evergreen opportunities...

Woodhill Evergreen C63 – F085
 Full sister to Lots 26 and 27

“CONFIDENCE
 creates
 Opportunity!”

Van Deeb, Motivational Speaker
 Innovator in building relationships

Eight generations of descendants of the foundation Woodhill Evergreen,
 like A130 and sires such as Woodhill Blueprint, are the reason that
 Evergreens make up nearly 45% of the Woodhill herd.

Fancy Fall Heifer Calves

The DAMS of these fall heifers represent the most **PROGRESSIVE FEMALE LINES** in the breed. They were selected from leading Angus operations to **build our cow herd.**

The **SIRES** are **CURRENT** and on trend, contributing **style** and **PERFORMANCE** in equal measure.

We're offering these heifers to give a **glimpse of the future** of our breeding program and an **OPPORTUNITY** to **SHARE OUR PROGRESS.**

Dave liked to call it...

Meet the people behind the LCCC prefix...

Steve & Julie French, Beaverton, Michigan
 www.redwhiteandroan.com
 www.littlecedarcattlecompany.com
 Steve: 989-798-8223 Julie: 989-965-6363

Little Cedar Cattle Co. is home to a leading Shorthorn breeding program operated by Steve and Julie French, a daughter of the late David and Mary Ann McMahon. Since their marriage 19 years ago, they have also developed a powerful set of ANGUS females at their ranch in central Michigan.

Steve is a broker of plastics raw materials, and he's also on-the-job everyday as a cattle breeder. He's a diligent student of both breeds, and a master at selecting, developing and mating cattle.

An OSU graduate in Animal Science/Livestock Merchandising, Julie directs and implements promotional strategies for LCCC and BPR year-round, along with advising clients on the development of new projects and collaborating on innovative promotional programs. She's an enthusiastic supporter of the Angus Foundation and Shorthorn Youth Development Fund, continually helping expand awareness and raise funds.

Steve and Julie actively contribute to Belle Point's management and development on a daily basis, in regular meetings with family members and ranch staff, selecting cattle from national level auctions, determining AI matings, and planning the sale. They're optimistic and enthusiastic about what's ahead on Belle Point's path toward the future!

Little Cedar Worldwide 1979 ET – 2021 Cattleman's Congress Reserve Grand Champion

Putting Stunner on Renown has been declared by good cowmen as "the thing to do." Starting with the Summitcrest Lucy family as a base, there's no doubt that Lucy 204 has the makings of a POWER COW – you can SEE it! Lucy 131's exceptional daughter Lucy Renown 708 was tapped to replace her in our program, Lot 47 proves why.

Lots 48A and 48B are Plus One progeny from the original Lucy 131, ROV Reserve Dam of the Year. They will be treasures in your herd for years to come. We've put an egg of the same mating in the 48A Recip as a Buyer's Bonus...let's hope it takes!

Lucy

Bred by CAB visionary Fred Johnson, Summitcrest Lucy L021 was the foundation of Little Cedar's Angus breeding program.

■ Ultrasounded safe to EXAR Monumental 9289B, due to calve on 10/4/2021. See our newest Herd Sire on page 6 and at the sale.

Belle Rita D39's maternal sister, Woodhill Rita B41-D398 by Baldrige Territory, produced the \$19,000 Woodhill Augusta by Payweight 1682 chosen by Genex in the 2019 Woodhill Bull Sale. Lot 49's powerful sire, Woodhill Certified, represents the ninth generation descending from the foundation Woodhill Blackbird Pathfinder Dam.

Belle Gammer B179 is a daughter of the popular member of the Select Sires roster Tehama Tahoe B767 (considered one of the most complete bulls in the breed). She stems from the highly respected Gammer family that produced the many-times breed registration leader, New Design 878.

■ 64A, B361, Heifer, 19996669, calved 2/23/21
Sired by 44 Handshake 7278

Outstanding daughter of the low-birth female sire Fortress produced by a maternal sister to the proven RE leader, Top Game 561X by Ten X.

Here's a brainteaser for you, Mary Ann.

When is a Cow NOT a Cow?

When She's A First Calf Heifer! (Hey, that's no joke.)

Now is a great time to get started in the Angus business!

Sort Young Cows from Mature Cows

Excerpted from
"Beef Cattle Manual"
Seventh Edition, 2015
Oklahoma State University
Extension

First calf heifers have historically been the toughest females on the ranch to get rebred. They are being asked to continue to grow, produce milk, repair the reproductive tract and have enough stored body energy (fat) to return to heat cycles in a short time frame. Two-year-old cows must fill all of these energy demands at a time when their mouth is going through the transition from baby teeth to adult teeth. If these young cows are pastured with larger, older cows in the herd, they very likely will be pushed aside when the supplements are being fed in the bunk or on the ground. The result of these adverse conditions for young cows very often is a lack of feed intake and lowered body condition. Of course, lowered body condition results in delayed return to heat cycles and a later and smaller calf crop the following year.

Black Jet is a POWERHOUSE! He's deep, thick and wide with a big set of testicles. He'll sire calves that have the LOOK you want. He's good enough to show and win at every level. His gentle disposition makes him easily handled, and that's a big plus!

Lots 78 through 82 TOP CUT BULLS

Invest in a TOP CUT BULL and take care of him well. He will get the job done for you, and you'll get paid for his work!

The very best selection of our Yearling Angus Bulls

BELLE POINT'S BREEDING BULL GUARANTEE

A breeding soundness exam (BSE) was performed by our veterinarian on bulls that have reached the maturity recommended for the exam. Bulls declared to be "satisfactory potential breeders" are guaranteed for the upcoming breeding season, provided they are maintained at the same standard of nutrition and care received here. Yearling bulls are offered with the understanding that they must continue to be developed by the buyer until they reach maturity for a BSE. Should an issue arise with your bull report it to us immediately. We may ask you to return the bull to Belle Point so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

FEATURING TOP CUT BULLS

*The very best selection of our
Yearling Angus Bulls*

These Yearling Bulls have been developed on Purina Accuration® and need to be continually fed and cared for with ready access to clean water and shade and provided with fly control.

Remember...you've gotta provide the same care to them as an older bull, plus give them ADEQUATE NUTRITION to grow and TIME TO MATURE if you expect to utilize their GENETIC POWER to create IMPROVEMENT in the future.

SALE EVENTS

Preview the sale lots on Friday throughout the day until feeding time at 5 pm. Snacks & refreshments will be available. Sort the pens on Saturday morning starting at 8:30 am.

Friday Get-Together POSTPONED

Due to the complications of hosting large social events under state COVID restrictions, we hope you'll "take a rain check" for our usual Friday evening gathering.

There are lots of great restaurants located in the hotel area and in downtown Fort Smith. Visit www.fortsmith.org for ideas!

Gourmet Box Lunch will be served at 11:30 am on Saturday at the ranch.

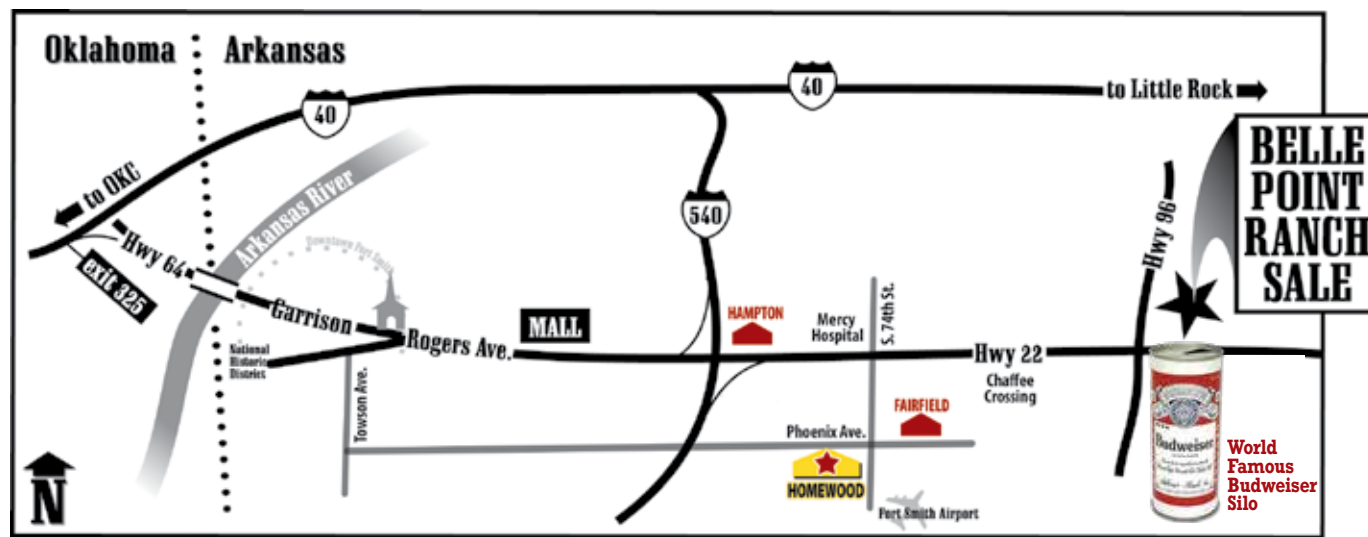

Grab 'n Go Snacks and Refreshments will be available throughout the sale and afterward.

PRE-REGISTER at the settlement desk on Saturday morning to be sure we have your current information, and to ensure faster check-out!

LOAD-OUT will begin 15 minutes after the conclusion of the sale. If you're coming back on Sunday, or later in the week, please let us know!

NORTH SIDE TRAILER PARKING has been created for safer and easier overnight parking for trailers at the ranch. It's now on the NORTH SIDE of Hwy. 22. East of Hwy. 96 stoplight, turn at the sign. See page 30.

**If we can do anything to help you enjoy
your visit to Belle Point, just holler!**

It's Easy To Get To Belle Point!

Fort Smith, Arkansas is 4 miles south of I-40 on the Arkansas-Oklahoma state line.

Flip to page 52 for ranch location, driving directions, and info on convenient airports in Fort Smith, Northwest Arkansas and Tulsa.

Experience Fort Smith

www.fortsmith.org

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. When the new National U.S. Marshals Museum opens it will highlight the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. Tour the Fort Smith Museum of History and browse for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit nearby historic Van Buren too. "The Unexpected" has brought urban contemporary art to downtown. The project has transformed downtown Fort Smith into a world-class destination for urban and contemporary public art. (Visit www.unexpectedfs.com/art)

Welcome!

ON-SITE PREVIEW
by appointment
starting April 1

We're offering MORE TIME to study the OFFERING and think about your purchase!

You are welcome to preview the cattle in advance of the sale – at your convenience! Leave VM for Madeline Taylor at 479-674-5143 to schedule

BELLE POINT Fair and Square GUARANTEE

Because we value your business, Belle Point Ranch puts forth every effort to ensure the integrity of our cattle, our records and our management practices. Should an issue arise with your purchase we ask you to report it to us immediately. If more information is necessary, we will proceed together with a timely and thorough investigation that may involve consulting a licensed veterinarian. Once responsibility is determined, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

HERD HEALTH

- Bulls, Cows, ET Recipients and Replacement Heifers are treated pre-breeding with Express 5FP VL5, Alpha 7 MB, Endovac; Spring Calving Cows & Heifers receive Scour bos 9 in December; Cows and Heifers receive Express 5FP VL5 at preg-check
- Calves are treated at birth with Multimin 90, Inforce, Endovac, and Iodine and at 3 months with Cattlemaster Gold FP5, Ultrabac7/Somnubac and Endovac
- Calves are treated at weaning with Bovishield Gold One Shot; Ultrabac7/Somnubac, Pinkeye Shield and Dectomax and post-weaning with Bovishield Gold 5 and Addison Moraxella Bovoculi Bacterin
- Supplements: Purina® Rangeland® 38 Hi-E Tubs, VitaFerm® Heat® and Concept•Aid®
- All cattle of appropriate age receive the Anaplasmosis vaccine annually in the spring season

SALE ORDER – Just follow the lot numbers!

The cattle will sell in catalog order starting with Lot 1! Ear tags on the cattle will correspond to the lot numbers in this catalog. Ear tags on calves at side of dam will correspond to dam's number. Footnotes in this catalog have been reduced to the breeding status of the cattle selling, with a few exceptions. Catalog EPDs are current as of 3/5/21. EPDs may change weekly, view updates at www.angus.org.

AFTER SALE CARE & SHIPPING

Sale cattle will be accompanied with proper health certificates for immediate shipment. Belle Point Ranch will care for each lot in the sale for a reasonable amount of time. Please discuss your needs with us prior to the sale, and be sure your plans are noted at the settlement desk.

Truckers believed to be reliable will be available to assist you in making shipping arrangements. We will certainly do our part to help make your shipping arrangements happen! We are no longer able to provide delivery free of charge.

ALL LOTS ARE FULLY INSURED – ADDED VALUE!

Full mortality insurance has been obtained by Belle Point Ranch on all eligible cattle selling on April 17, 2021 with Jerry Gay Insurance Co., American Live Stock, Geneva, Illinois. Coverage in the amount of the purchase price is effective at the fall of the auctioneer's hammer, for a term of 30 days from the day of the sale or until cattle arrive at their destination, whichever is shorter. Calves selling at side of dam will be insured for 25 percent of the purchase price of the lot. Calves under two weeks of age are ineligible for this insurance coverage. However, they are still fully guaranteed by Belle Point Ranch.

If you have a claim or additional insurance needs, contact Stuart Wilson, American Live Stock, Geneva, Illinois, 217-454-9355.

IMPORTANT POLICIES

Breeding & Pregnancy Checking

Females in this sale have been bred AI or exposed to only the bulls listed in the footnote. Bred cows were pregnancy checked by ultrasound on 3/1/21. Pregnancy status as of sale day will be confirmed on the Update Sheet.

Safe Females "60 Day" Policy

Buyer must take on the responsibility of closely monitoring a safe female (through heat detection) for the first 60 days after the sale to be certain she stays safe in calf. Belle Point Ranch will offer a "Fair and Square" adjustment to the sale price if a cow is determined by a licensed veterinarian to be "open" within 60 days of the sale. Buyer must contact Belle Point no later than June 19, 2021 to report an open female.

Bull Guarantee

A breeding soundness exam (BSE) will be performed by our veterinarian on all bulls that have reached the maturity recommended for the exam. Bulls declared to be "satisfactory potential breeders" are guaranteed for the upcoming spring breeding season, provided they are maintained at the same standard of nutrition and care received here. Younger bulls are offered with the understanding that they must continue to be developed by the buyer until they reach maturity for a BSE. Should an issue arise with your bull report it to us immediately. We may ask you to return the bull to Belle Point so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

Breeding Privileges

Breeding privileges to Belle Point herd sires may be offered on SELECTED FEMALES selling in this sale. The offer of this privilege will be stated on the Update Sheet.

Semen Rights

Belle Point Ranch retains the right to obtain 100 straws of semen per year on any bull sold in this sale (born or unborn) at the cost of production, and to purchase A.I. certificates at AAA cost.
