The path to progress is created by embracing that appear with each new day.

Opportunities

David and Mary Ann McMahon started an Angus herd on their homeplace in 1959 as a family project. In the mid-70s, we expanded to the ranch at Lavaca, launched a brand for our cattle business, and held our first sale at Belle Point Ranch in 1978. In her sale welcome last year, Mary Ann shared her insight on the results of this project that's been going on for 63 years: "The Angus Cow brought us together as a family. She gave us goals and learning experiences, and taught us to be good cattle managers. Most of all, she provided opportunities for us to make lifelong friends." Eloquently stated, and we are certain that countless Angus families across the United States share her point of view.

Some family members work in the beer business, some for the ranch, others are committed, and very successful, in unique career pursuits that fulfill their individual passions. We're all so fortunate for the opportunities our parents provided us to learn and grow, and to challenge ourselves as they guided us in our family business. Every year, Belle Point sale time is when we get together to execute our family's "mission:" to welcome and serve our friends and customers with wholehearted hospitality, offering forward-thinking Angus seedstock opportunities with potential for progress and profit. (Hey, we need a Mission Statement on a wall in the Mezzanine! Allyson, will you design it? Andrew, will you print and mount it? Hank, will you hang it?)

I'm always "looking for the lesson" of my experiences, especially the most challenging ones. One thing I know for sure, when you ask for the teaching to unfold, then allow and accept what's there for you to learn, your tuition will be paid. You will never have to learn that lesson again! Robert Fulghum wrote the best-selling book "All I Really Need to Know I Learned in Kindergarten." It is filled with simple, yet profound, lessons that serve us throughout life in dealings with our families, our communities, and in business, such as: "Share everything. Play fair. Put things back where you found them."

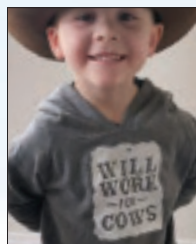

In the purebred cattle business, we all know that new lessons come daily, often hourly! I studied the family photos across the page and found four fundamental lessons we have the opportunity to learn on the ranch and apply to every aspect of our lives. The lessons are provided by excellent teachers who are masters of keeping it simple – Mary Ann's "great-grands," Owen Matlock, Glendon Holland, Taylor Matlock and Roselynn Holland:

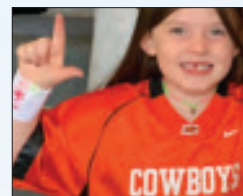

Understand the WHY. Declare the outcome you desire every day.

Get organized. Stay prioritized. Keep details in FOCUS and the big picture in your mind's eye.

Pull up your boot straps and step up to the task at hand. DO IT RIGHT the first time.

Believe in your TEAM. Value the role each person plays. Communicate support. Say YAY!

Improvement is an ongoing process. We accept and celebrate change in every package it comes in – it's always on our pathway to opportunity. The good news is, no matter your herd size, location or goals, in today's Angus breed there's a pathway to opportunity for YOU too. We hope you'll come to Belle Point on April 23 looking for it – we'll be ready to welcome you!

Now it's time ask that very important question: WWDD? (What Would Dave Do) I'm pretty sure he'd raise his paper towel-wrapped 7oz bottle of Bud and say: 'Nuf said, let's sell some Angus cattle!

Julie McMahon French

We look forward to building relationships with all the folks who come to Belle Point.

You may come as a customer, but you'll leave as friend – as Dave would say, "All because of the Angus cow!"

Your time and effort to be with us on April 23 – in person, on the phone, on the internet, or in spirit is truly appreciated!

We have arranged our sale facility to accommodate more options for comfortable table seating. Because it worked so well last year, we are again serving a unique and tasty CAB® Gourmet Box Lunch.

Of course, an array of our many fine beverages will be served and lots of snacks will be available all day "free choice!"

Look around for stacks of seat claim cards in the Mezzanine and take a minute to place cards where your party chooses to sit.

We strive to provide a safe and enjoyable environment for all sale guests – if there's anything we can do for you "holler!"

www.bellepointranch.com

There continues to be a lot of change going on 'round here. But one thing will always stay the same: we're here to help you be SUCCESSFUL and ENJOY being in the Angus business.

Welcome Angus Friends,

The annual Belle Point Ranch Sale is always a special event and the McMahon family welcomes everyone to attend this year on April 23, 2022. The Belle Point sale is one of the highlights of the spring sale season and you will not find any program in the business that makes the combination of quality cattle and super hospitality such a top priority. The late David McMahon always put family and friends first in his life and that philosophy continues with Mary Ann and the entire McMahon family. Expect good cattle and good fun with Angus friends!

From the beginning, breeding and offering bulls and females that meet the needs and demands of every segment of the industry has been the goal at Belle Point Ranch. Belle Point continues to meet the needs of cattle producers from the region, and the entire nation as well. Over the years, some of the breed's leading sires have been part of the breeding program and that tradition continues today with top, young, noted herd sires in natural service supporting the genetic value of the latest AI sires that are seeing extensive use in the Belle Point breeding program.

As you review the sale offering, note the depth of the current genetics with emphasis on all-important performance, production, carcass and maternal traits. As we've stated many times: "there's something for everyone."

Lots 1A, 1B and 1C are featured heifer progeny from the proven, popular Isabel family; continuing lots are females by the breed's most popular bulls such as Connealy Clarity, GAR Home Town, DB Iconic G95, SG Salvation and other proven sires. As always at Belle Point, you will find an excellent selection of Fall 2021 ET heifer calves; fall calving bred heifers; spring calving first calf heifers; and spring calving cows and fall cows with calves at side.

Exclusive at Belle Point are the "Sell One/Keep One" lots. Elite lots were chosen from the top ranks of the herd building roster. The buyer has the option of selecting one of two individuals and Belle Point will retain the other in the breeding program. It's a great way to share in the best of Belle Point! These lots are highly valued in the Belle Point program and you'll get your choice of the individual that will bring the most value to YOUR program.

Please also review the offering from longtime guest consignors: friends and neighbors Shirley and Fred Williams, Fair Oaks Farm (FOF), and McMahon family members Steve and Julie French, Little Cedar Cattle Co. (LCCC). Note that Belle Point guarantees outlined on the inside back cover apply equally to cattle offered by these firms.

Belle Point Ranch is committed to making genetic and quality improvements in the Angus breed. We look forward to seeing you at the sale and if we can be of service in any way, please feel free to give us a call.

BELLE POINT FOOTNOTES...

are mostly limited to reporting the calf at side and breeding information with just a few short quips on ancestry. That's because Dave decided a long time ago to keep the "mumbo-jumbo" to a minimum. These days, it's a lot easier to do your own homework evaluating what's important to YOU. (That suits us fine!)

Ways to do your homework

- Decide how you DEFINE SUCCESS, now and in the future.
- Consider pedigrees, numbers of all types, and rankings.
- Ask for the opinions of sale managers and other industry experts.
- Listen to your own experience and set your priorities.
- Visualize what GOOD looks like to you.
- Go look at 'em, or ask a trusted person to report and analyze what they see.
- Determine VALUE to your program. (Value is not what something costs, but what it's worth.)
- Stay focused on cattle that will do the job achieving YOUR GOALS!

NEW!

It's part sale preview/part talk show and ALL fun – you'll hear pertinent sale info and interesting stories in an entertaining format!

"Sortin' the Sale Pens"**

Friday, April 22 – 6 pm CST

Facebook@BellePointRanch

Hosted by Kevin Wendt with Steve French and Ryan Cotton

When you see this note, you'll know we are offering to share a female who is slated to be a Belle Point "herd builder."

We've paired two equally desirable females. One sells. One stays. You get to make the call.

Introducing...

Ceary of Conanga 7150 11L

Owned by Belle Point Ranch and Moore Cattle Company

AAA +*20132325, Calved 2/4/21

Sire: Connealy Confidence Plus

Dam: Black Cena of Conanga 7150, by GAR Sure Fire

Connealy: "A big-middled, eye appealing female with a nice pedigree.

We broke the rules and flushed her picture perfect dam as a heifer."

Rose Ceary McMahon (1869-1946) was the grandmother of David McMahon, Sr. She was the daughter of John Ceary, Sr. (County Galway, Ireland, 1840-1917) and Elizabeth Nolan (Buffalo, New York, 1848-1908). In 1893, Rose married James H. McMahon (1864-1940) in Stevens Point, Wisconsin. Their fourth child was Donald James McMahon (1901-1965). The family moved to Arkansas and, in 1923, Donald married Marguerite Dixon Tyson (1903-1984). They had three sons, Tyson, Jim and David.

We know Dave was with us in spirit the day of the Connealy Angus sale a couple of weeks ago — March 26 was his birthday! We believe the spirit of his ol' pal Pat Goggins was with us too, and he took over the auction block from Joe at some point "north" of our budget. From then on, it was just Pat and Dave making another deal! (Keep practicin', Joe. LOL)

We purchased Ceary in partnership with our neighbors and longtime friends Jim and Missy Moore, Charleston, Arkansas. Moore Cattle Company is an exceptional commercial Angus cow herd that consistently produces the highest quality Angus beef. In 2017, the Moores earned the Certified Angus Beef® Commercial Commitment to Excellence Award. Our friendship with Jim has helped us take our ranch in new directions. That a purebred operation desires to think more like one of the elite commercial producers in the nation is an indication how much the Angus business continues to change. Jim has invested in registered Angus bulls for many years and is an expert at using genomic data to make breeding decisions. It's important to note that Ceary of Conanga 7150 11L is the first Registered Angus female that Jim Moore has ever owned. (Think about that.)

We are grateful to the Connealy family for allowing us to name this exceptional Angus female "Ceary" after Dave's grandmother. It's a celebration of our Irish ancestry and his passion for Angus! She is exactly the kind of ANGUS BREED CHANGEMAKER that Dave would seize and promote to the hilt. WWDD? He'd say: "be fruitful and multiply." Pay attention for what's coming in Ceary's future!

We are committed

to accessing the most progressive female lines in the Angus breed to continually build and enhance our cow herd with unique individuals that are structurally correct, functionally efficient, dependably productive, and prudently balanced in the essential traits.

We embrace performance data, genetic evaluation and genomic technology.

First and foremost, we believe that cows and bulls have to be **ABLE** do their most basic jobs.

That's why we never underestimate the **FUNCTIONAL TRAITS** you can SEE.

For example, for many years we have quoted the veteran AAA Regional Manager Waymon Ashley, and what he said couldn't be more true today:

"Give me an EPD for shoulders, and then let's start talkin' about calving ease!"

We believe you've still gotta go **LOOK** at 'em to evaluate the essential traits that impact functional efficiency.

the Best **BRAND NAMES**
in the business!

We put high value AI Sires & Herd Sires on our “payroll” with a straightforward job description: Deliver genetic improvement that makes \$\$\$ for us and our customers.

We value the incredible power of the most current and progressive AI Sires to increase the pace and scope of our genetic improvement.

You will PROFIT from the influence of these leading Angus sires represented in our 2022 offering....

Big Branch-Cooper Cattle

Hackett, Arkansas • 501-316-3536 • www.bigbranchbreeders.net

Arkansas' leading provider of data-driven cattle genetics, AI training, and technology
Well-versed and experienced in the latest synchronization protocols
Specializing in turn-key breeding projects for large and small farms

For many years, Belle Point Ranch has made a significant financial investment in herd sires bred by the leading Angus operations in the country – the best brand names. Our herd sires are not considered by us to be “clean-up bulls.” Their role in natural service is essential to our practical management system, and they are very effective ensuring that we produce calf crops that make money.

■ Take home your heifer calf and her recipient!

Two exciting daughters of the maternal sister to the popular and proven Identified Blackcap 8282, a featured donor on the Belle Point roster, who stems from one of the top families ever developed in the Steele family's historic Mill Brae Angus program. Lots 9A and 9B are sired by the \$132,500 record-selling Edisto Pines Farm selection from EZ Angus Ranch, Step Up 9178. They are maternal sisters to the \$17,500 selection of Sydenstricker Genetics and full sisters to the heifer pregnancy selected by Edisto Pines of South Carolina in the 2021 Belle Point Sale.

ICC Lady Payweight 428-6301 – Donor Dam of Lots 10A thru 10D

RB Lady Denver 167-453, full sister to the dam of 6301, is a donor for Linz Heritage Angus, Maple Lane Angus and Nowatzke Cattle.

453 is the dam of Ingram Heisman 0566, leading \$C and \$B son of Confidence Plus.

Offering 3 Units Sexed Female Semen

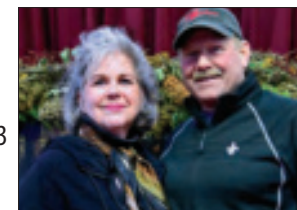

Value is not what something **COSTS**.
 It is what it's **WORTH**.

Meet the people behind the prefixes...

Steve & Julie French, Beaverton, Michigan
www.redwhiteandroan.com
www.littlecedarcattlecompany.com
 Steve: 989-798-8223 Julie: 989-965-6363

OFFERING LOTS 16 and 39

Little Cedar Cattle Co. is home to a leading Shorthorn breeding program operated by Steve and Julie French, a daughter of the late David and Mary Ann McMahon. Since their marriage 20 years ago, they have also developed a powerful set of Angus females at their ranch in central Michigan.

Steve is a broker of plastics raw materials, and he's also on-the-job everyday as a cattle breeder. He's a diligent student of both breeds, and a master at selecting, developing and mating cattle.

An Oklahoma State graduate in Animal Science/Livestock Merchandising, Julie directs and implements promotional strategies for LCCC and BPR year-round, along with advising clients on the development of new projects and collaborating on innovative promotional programs. She's an enthusiastic supporter of the Angus Foundation and Shorthorn Youth Development Fund, continually helping expand awareness and raise funds.

Steve and Julie actively contribute to Belle Point's management and development on a daily basis, in regular meetings with family members and ranch staff, selecting cattle from national level auctions, determining AI matings, and planning the sale. They're optimistic and enthusiastic about what's ahead on Belle Point's path toward the future!

Fred & Shirley Williams
 Van Buren, Arkansas
 Shirley: 479-651-8302
 E-mail: williamsfairoaks@aol.com

OFFERING
LOTS 25, 26, 26A,
40, 41 and 42

For many years, the Belle Point sale has featured sale lots from the herd of our great friends and neighbors, Fred and Shirley Williams. Shirley is a past president of the American Angus Auxiliary and Fred's involvement in developing brands and creative campaigns at Williams/Crawford & Associates keeps him movin' and shakin' and involved in pretty much everything around "River City."

Shirley is well known in these parts as a very good "cowman!" Her cow business philosophy is rooted in Fred's steady reminder that the margin of profit on seedstock cattle can be pretty slim. She stays focused on constant production, and the carcass characteristics that ensure high quality BEEF!

Over the years, Shirley has been mentored by some of the breed's greatest cowmen that she met right here at Belle Point. She listens, and thinks, and applies data to practical performance characteristics – udder quality, fertility and cow and calf condition at weaning. Good people, good cattle!

DB Iconic G95 – Sire of Lots 15 thru 19

Iconic Daughters

Belle Lucy 7080 H221 – Lot 15

Belle Miss Liberty 7247 I391 – Lot 17

LCCC Ever Entense 2178 – Lot 16

“Iconic’s rare combination of elite herd sire phenotype and unparalleled genetic predictions made him one of the most heavily used bulls in the Angus breed in 2021.”

**Cody Sankey,
Senior Director
of Beef Programs**

GENEX

The \$280,000 Whitewater is owned by Ankony, Galaxy Beef, Leachman Cattle of Colorado, Mogck & Sons Angus, RA Brown Ranch, TD Angus and Thomas Angus Ranch

DB Iconic G95 – Sire of Lot 24

FOF Chloe 8071 – Lot 26 and Dam of Lot 25 and Lot 26A

FOF Chloe 0011 – Lot 25
Daughter of Lot 26 by Bakers Northside 6007

Chloe Family

Shirley's breeding program
has always been data-driven
and that's been her EDGE.

FOF Home Town 114J – Lot 26A
Son of Lot 26 by GAR Home Town

**"I have been
an EPD breeder
since day one..."**

...using EPDs has been my edge. My philosophy is that a small, registered breeder really needs to be all AI, and, in the words of David McMahon, must "cull ruthlessly!" With that said, phenotype has been extremely important to me as well, following another lesson from Big Dave: "You've still gotta look at them." His wisdom has yielded great results for Fair Oaks Farm! I have always dreamed of breeding a bull that could contribute to our industry what I have worked so hard to produce. I believe that the Lot 26A bull calf can do just that! Our industry is based on the highest quality Angus beef. To produce a calf with high marbling, high ribeye and negative fat is a goal I have selected for. And, if only I had the time to fit him for the show ring, this bull would knock it out of the park – he really can do it ALL!"

Lot 25 – Chloe 0011 is a calving-ease daughter of the outcross feature, Northside and was produced by a first calf heifer by the record-selling Colonel C251 who sells as Lot 26.

Lot 26 – A low-birth female produced by a proven and productive daughter of the legendary female sire, Discovery and sired by the \$580,000 Colonel C251 and stems from the herd sire producing Chloe family. The dam of Chloe 8071 was called "the cowman's kind" when Shirley bought her in the 2019 Belle Point sale. That means moderate in size and shape, and all traits. 8071's daughter sells as Lot 25, her bull calf by GAR Home Town is Lot 26A – read what Shirley has to say about HIM above!

Fancy Fall Heifer Calves

Belle Rita 6441 I71 – Lot 27

Belle Rita 6D92 H151 – Lot 31

Belle Idoldee J98 H181 – Lot 33

There's something about strolling through a pen of **FALL HEIFER CALVES** budding with potential, and using your eye and your **IMAGINATION** to project what their futures will hold as herd builders and changemakers.

We're offering this set of fancy heifers as an **OPPORTUNITY** to join in our progress.

Dave liked to call it...

Share the Fun!

Balanced-trait prospect produced by a sensational and productive dam who combines the former Shady Brook Angus sire Motive 9016 and the sire of champions, Northern Improvement. Low BW and good foot score.

LCCC Ida Sensation 809 – Maternal Sister to Lot 39

*Fendi
007I*

SydGen KCF Gavel 8361 – Sire of Lots 40, 41 and 42

BJ Surpass – AI Service Sire of Lots 40, 41 and 42

Reap the benefits of Shirley's study of Gavel daughters x Surpass: In the 2021 SydGen Fall Sale, a bred heifer by Gavel had the Number 1 \$C value index among all the females offered. Nine sons of Gavel were the lead bulls of the Fall 2021 Bull Sale at Knoll Crest. Powerful phenotype, nearly perfect feet, quiet disposition, standout individual performance and ideal structure made Surpass a "must use" sire for Connealy and Knoll Crest. These Gavel daughters mated to Surpass are a perfect opportunity to start an Angus herd, or start over!

Shirley started her successful small Angus herd with purchases from the Belle Point sale. Today is a good day to get in the Angus business!

The Belles

We've been asked why our FIRST CALF HEIFERS calve closer to 30 months than 24 months. It's the result of interesting historical research when we re-embarked on an AI program in 2017.

I have done quite a bit of reading of old cattle books (one was published in 1872!), and I wondered when and why the modern industry started calving heifers at two instead of three. I asked Dr. Dave Hawkins of MSU and he described a shift in thinking among Ag Economists in the early 70's to try to put more profit into cow-calf operations. The late Dr. Charles McPeake gave me a prized book – a 1976 edition of Beef Cattle Science that Dr. McPeake believed to be the last edition updated by M.E. Ensminger himself. I looked to this book for background. Excerpts follow...

Chapter 22 – Replacement Heifers. Age to Breed Heifers...The age at which to breed heifers will vary with their growth and development...There seems to be an increasing trend among commercial cattlemen to breed heifers to calve as two-year-olds. The more successful early-breeding advocates feed such heifers liberally by (1) feeding the choicest range, or (2) feeding added concentrates. **Added Beef from Two-Year-Olds...**Here in the U.S. we shall have a need for 69 percent more beef by 1985....More beef can, and will, be produced in two ways: (1) by increasing cow numbers; and (2) by stepping up the production per cow. Breeding heifers to calve as two-year-olds offers one of the most practical approaches. **The Choice – Calve Twos or Threes...**In terms of the productive lifetime of an 8-year-old cow, a heifer calving at two will begin paying her keep after only 25% of her lifetime, whereas one calving at three will “freeload” 37.5% of her lifetime. **Chief Factors UNFAVORABLE to calving two-year-olds:** The conception rate of young heifers bred when just reaching puberty is lower than older ones. This may result in spreading the calving season over a longer period, with accompanying greater inconvenience and expense, more calving troubles, and a higher death loss of both dams and calves...

Dr. Ensminger listed 5 MORE UNFAVORABLE factors, but the first factor described exactly what we were dealing with. We consulted Larry Cotton and he encouraged us to try a “RETRO” approach to breeding our heifers a little older – we really had nothing to lose but a little time, and everything to gain.

Our Ace AI Coach Brent Cooper did the math on our most recent group of First Calf Heifers: 74% calved to their FIRST AI breeding.
(Oprah says: “The truth is, success is a process.” We’ve found a throwback process that is workin’ PDG for our First Calf Heifers, and that works for us!)

Sort Young Cows from Mature Cows

From "Beef Cattle Manual"
Seventh Edition, 2015
Oklahoma State University Extension

First calf heifers have historically been the toughest females on the ranch to get rebred. They are being asked to continue to grow, produce milk, repair the reproductive tract and have enough stored body energy (fat) to return to heat cycles in a short time frame. Two-year-old cows must fill all of these energy demands at a time when their mouth is going through the transition from baby teeth to adult teeth. If these young cows are pastured with larger, older cows in the herd, they very likely will be pushed aside when the supplements are being fed in the bunk or on the ground. The result of these adverse conditions for young cows very often is a lack of feed intake and lowered body condition. Of course, lowered body condition results in delayed return to heat cycles and a later and smaller calf crop the following year.

Experience Fort Smith

www.fortsmith.org

The original gateway to the Wild West,

our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Recognized as a **Top Ten True Western Town** by True West magazine, Fort Smith has played a significant role throughout our nation's history, especially during its frontier days. The city and its culture has provided inspiration to literature and the film classic "True Grit," as well as many other movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Visitors can experience that history firsthand at the Fort Smith National Historic Site.

The new United States Marshals Museum highlights the 220-year history of the nation's oldest law enforcement agency – on the very spot where much of the most dangerous Marshals Service history took place.

Visit www.usmmuseum.org

Downtown Fort Smith is more than a little civilized today (but still lots of fun!) and we invite you to look around! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue.

Plan time to tour the Fort Smith Museum of History and the National Historic District, as well as for antique and unique shopping on the avenue. If you like antiques and wonderful old cities be sure to also make time for a visit to nearby historic Van Buren. There's lots to see and do across the river!

"The Unexpected" has brought urban contemporary art to downtown. The project began in 2015 and has transformed downtown Fort Smith into a world-class destination for urban and contemporary public art. The growing collection of permanent/semi-permanent outdoor art now includes more than 30 pieces by highly sought after international artists. Visit www.unexpectedfs.com/art

Fort Smith National Historic Site

HOOVER *Entice*
V125

Sire of Lots
 59A, 60A and 61A

Hoover Entice V125 – *19496755
 MOGCK Entice x Blckp Empress Ellston S117, by Baldridge 38 Special
 Bred by Hoover Angus, Ellston, Iowa

Purchased by Belle Point Ranch in February, 2020

"Nicely built, powerful bull, lots of body without sacrificing frame. He is a big-topped, big-hipped, meaty bull. Dam S117 was a first calf heifer and what an excellent job she did! She is a 6th generation daughter of the famed C57. Save all the daughters this guy makes! He should sire excellent females with good dispositions, excellent udders and pleasing phenotype." – Landi McFarland-Livingston
 Hoover Angus, Ellston, Iowa

We've made it easier and safer to PARK trailers & vehicles and LOAD OUT cattle!

MONEYMAKERS

Who ever said money can't buy happiness didn't know where to go shopping.

– Gertrude Stein, American Novelist

MGR Rita 8003 – Lot 62

Poss Maverick 948 – Sire of Lot 62A and Lot 65A

MGR Rita 8003 has a solid pedigree with significant TOP 1% EPDs and she's positively oozing with EYE APPEAL! Plus, you're gonna take along her ANGUS BULL (\$\$\$) by Maverick 948. This is like PAY DAY!

These SPRING PAIRS give “going green” a new meaning. Put ‘em on the green GRASS that’s poppin’ up all over and they’re sure to GROW into some green in your POCKET!

(Now, there’s a REGENERATIVE AGRICULTURE outcome that all of us can embrace – and we’ve given you a new mantra in the footnotes to manifest it!)

Make money. Use that money to buy ANGUS COWS with CALVES (a.k.a. Happiness) and make MORE money. REGENERATE.

Fast Pay Makes Fast Friends

St. Louis
Business Journal

By Mark Vittert, published in 1981
First reprinted in the 1989 Belle Point catalog

The stakes of the poker game were getting pretty high. There was more than \$100 in the pot and unfortunately my cards were pretty good. I had to play the hand out. It was 3 a.m. and we'd been at the table for seven hours. I kept meeting the raises, the pot kept growing and all I remember is that the Captain's cards beat mine – flush over straight.

That hand ended the game and we all settled up. Except me. I owed the Captain \$400 and, never thinking of losing that much, I didn't have it with me. I told the Captain that I'd send him a check. He said fine but he also added: "Mark, just remember that fast pay makes fast friends."

We've all heard different versions of the old joke, "the three biggest lies." The joke always begins with the first lie being, "the check is in the mail." There is something special about someone who always follows through on what he promises. Not just that they actually do what they say but rather that they do it when they say they will and that it's done with class.

How many people in business do you know that you confidently could count to follow through on time? The lawyer says the papers will be done on Wednesday. Your big customer says that headquarters wants your payment held up for just another week. The head of personnel says he'll call you on Tuesday about the new job. Well, we all know those who do just what they say are rare indeed. It's so rare, that whenever people do follow through on time I'm really pleasantly surprised and appreciative. Even if the news is bad, I feel positive toward the caller if it was done on time. Stringing people out is a bad habit. Generally, people who reach the top have learned to follow through quickly. As Tom Curtis once told me: "A congressman learns to make as few commitments as possible but when a promise is made, then you must follow through at all costs and promptly."

The place most people fall down is in the category of money. I've found that if you pay quickly, most other obligations will appear to be easily met. "Fast pay" will make you feel better. After you write the check you can forget about the debt. And "fast pay" also keeps the other person from spending those waiting days thinking about your faults. Also, you become the kind of person people want to work with again.

I called the Captain on a Wednesday in February and asked if he would like to invest \$100,000 to \$150,000 in a project I was putting together. He said: "Yeah, it sounds good. I'll put the check in the mail right now. Got to go now. Thanks." Two days later on Friday, I received this crumpled little note in the mail. "Mark: Enclosed is check for \$100 grand. I'll play you bumper pool for the other 50 grand. Good luck, Captain." I suppose this is an example of a man who practices what he believes in.

Confidence Plus A521 is a low-birth son of the rare and valuable Confidence Plus and was produced by the cornerstone member of the Belle Point Lady Kelton family, Kelton 726. The Payweight 1682 sired dam of Lot 81 is a direct daughter of the prolific Pathfinder Dam Lady Kelton 5551 who produced the legendary female sire Ten X.

The Sunday Bulls

BELLE POINT'S BREEDING BULL GUARANTEE

A breeding soundness exam (BSE) was performed by our veterinarian on bulls that have reached the maturity recommended for the exam. Bulls declared to be "satisfactory potential breeders" are guaranteed for the upcoming breeding season, provided they are maintained at the same standard of nutrition and care received here. Yearling bulls are offered with the understanding that they must continue to be developed by the buyer until they reach maturity for a BSE. Should an issue arise with your bull report it to us immediately. We may ask you to return the bull to Belle Point so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

We will offer our second tier of 20 Registered Angus Bulls for sale privately on Sunday, April 24. Dependable 18-month and Yearling Bulls rated high in our ranking system but not quite high enough to make Top Cut. You're welcome to pick up a data sheet and sort through 'em in the Silo field at your convenience. But they won't be priced 'til after the Top Cut Bulls sell. Come back for more bulls on Sunday or any day after – first come, first served!

Come to Belle Point for TWO Sales in ONE Day, in ONE Location!

It's Easy To Get To Belle Point!

Fort Smith, Arkansas is 4 miles south of I-40 on the Arkansas-Oklahoma state line.

Flip to page 52 for ranch location, driving directions, and info on convenient airports in Fort Smith, Northwest Arkansas and Tulsa.

Experience Fort Smith

www.fortsmith.org

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. When the new National U.S. Marshals Museum opens it will highlight the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. Tour the Fort Smith Museum of History and browse for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit nearby historic Van Buren too. "The Unexpected" has brought urban contemporary art to downtown. The project has transformed downtown Fort Smith into a world-class destination for urban and contemporary public art. (Visit www.unexpectedfs.com/art)

Welcome!

FRIDAY, April 22

BELLE POINT Fair and Square GUARANTEE

Because we value your business, Belle Point Ranch puts forth every effort to ensure the integrity of our cattle, our records and our management practices. Should an issue arise with your purchase we ask you to report it to us immediately. If more information is necessary, we will proceed together with a timely and thorough investigation that may involve consulting a licensed veterinarian. Once responsibility is determined, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

HERD HEALTH

- Bulls, Cows, ET Recipients and Replacement Heifers are treated pre-breeding with Express 5FP VL5, Alpha 7 MB, Endovac; Spring Calving Cows & Heifers receive Scour bos 9 in December; Cows and Heifers receive Express 5FP VL5 at preg-check
- Calves are treated at birth with Multimin 90, Inforce, Endovac, and Iodine and at 3 months with Cattlemaster Gold FP5, Ultrabac7/Somnubac and Endovac
- Calves are treated at weaning with Bovishield Gold One Shot; Ultrabac7/Somnubac, Pinkeye Shield and Dectomax and post-weaning with Bovishield Gold 5 and Addison Moraxella Bovoculi Bacterin
- Supplements: Purina® Rangeland® 38 Hi-E Tubs, VitaFerm® Heat® and Concept•Aid®
- All cattle of appropriate age receive the Anaplasmosis vaccine annually in the spring season

SALE ORDER – Just follow the lot numbers!

The cattle will sell in catalog order starting with Lot 1! Ear tags on the cattle will correspond to the lot numbers in this catalog. Ear tags on calves at side of dam will correspond to dam's number. Footnotes in this catalog have been reduced to the breeding status of the cattle selling, with a few exceptions. Catalog EPDs are current as of 3/18/22. EPDs may change weekly, view updates at www.angus.org.

AFTER SALE CARE & SHIPPING

Sale cattle will be accompanied with proper health certificates for immediate shipment. Belle Point Ranch will care for each lot in the sale for a reasonable amount of time. Please discuss your needs with us prior to the sale, and be sure your plans are noted at the settlement desk.

Truckers believed to be reliable will be available to assist you in making shipping arrangements. We will certainly do our part to help make your shipping arrangements happen! We are no longer able to provide delivery free of charge.

ALL LOTS ARE FULLY INSURED – ADDED VALUE!

Full mortality insurance has been obtained by Belle Point Ranch on all eligible cattle selling on April 23, 2022 with James F. Bessler LLC, Fort Worth, Texas. Coverage in the amount of the purchase price is effective at the fall of the auctioneer's hammer, for a term of 30 days from the day of the sale or until cattle arrive at their destination, whichever is shorter. Calves selling at side of dam will be insured for 25 percent of the purchase price of the lot. Calves under two weeks of age are ineligible for this insurance coverage. However, they are still fully guaranteed by Belle Point Ranch.

If you have a claim or additional insurance needs, contact Jim Bessler Cell: 815-762-2641, Office: 817-562-8980 or E-mail: jim@jamesfbessler.com.

IMPORTANT POLICIES

Breeding & Pregnancy Checking

Females in this sale have been bred AI or exposed to only the bulls listed in the footnote. Bred cows were pregnancy checked by ultrasound on 4/19/22. Pregnancy status as of sale day will be confirmed on the Update Sheet.

Safe Females "60 Day" Policy

Buyer must take on the responsibility of closely monitoring a safe female (through heat detection) for the first 60 days after the sale to be certain she stays safe in calf. Belle Point Ranch will offer a "Fair and Square" adjustment to the sale price if a cow is determined by a licensed veterinarian to be "open" within 60 days of the sale. Buyer must contact Belle Point no later than June 18, 2022 to report an open female.

Bull Guarantee

A breeding soundness exam (BSE) will be performed by our veterinarian on all bulls that have reached the maturity recommended for the exam. Bulls declared to be "satisfactory potential breeders" are guaranteed for the upcoming spring breeding season, provided they are maintained at the same standard of nutrition and care received here. Younger bulls are offered with the understanding that they must continue to be developed by the buyer until they reach maturity for a BSE. Should an issue arise with your bull report it to us immediately. We may ask you to return the bull to Belle Point so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

Breeding Privileges

Breeding privileges to Belle Point herd sires may be offered on SELECTED FEMALES selling in this sale. The offer of this privilege will be stated on the Update Sheet.

Semen Rights

Belle Point Ranch retains the right to obtain 100 straws of semen per year on any bull sold in this sale (born or unborn) at the cost of production, and to purchase A.I. certificates at AAA cost.
