COLD GOLDEN HOSPITALITY

Terry Harris, Legendary Beertender
Rick Stickler, Hospitality Chief

Look from a new, higher perspective... know that the future holds possibilities!

The majestic Bald Eagle has long represented Anheuser-Busch. The brewer's A and Eagle brand was formally trademarked in 1877, the eagle symbolizing Adolphus Busch "whose vision knew no horizon." Back when we used radio communication in our beer business, Dave's official call name was Eagle 10. It soon became a "code name" that employees, our family, and some friends used in casual conversations, and often in urgent messages: EAGLE 10 IS ON HIS WAY!

Our second round of sale photos had to be postponed one week due to several days of solid rain. The following Monday and Tuesday brought a wide band of snow, wintry mix and temperatures in the low teens. Photos finally got started on Wednesday. By Thursday, February 20, the temp had climbed to a frigid 18 degrees and the winter sky was vivid blue for the 26 photos left to take that day.

We see eagles – often. When they appear this time of year, it's a sure sign that spring is coming. They are returning to their nesting grounds in our area of the Arkansas River Valley. It's interesting that a pair of eagles returns to the same nest year after year, continually building and weaving branches and sticks to increase its size and stability. We stop and take note of eagles here. When this one appeared above the picture pen that bitter cold February day, it was the moment of inspiration and motivation that everyone needed to get through 15 more photos in the afternoon shoot. Megan Hunt turned her powerful lens upward and caught the perfect shot of "our eagle."

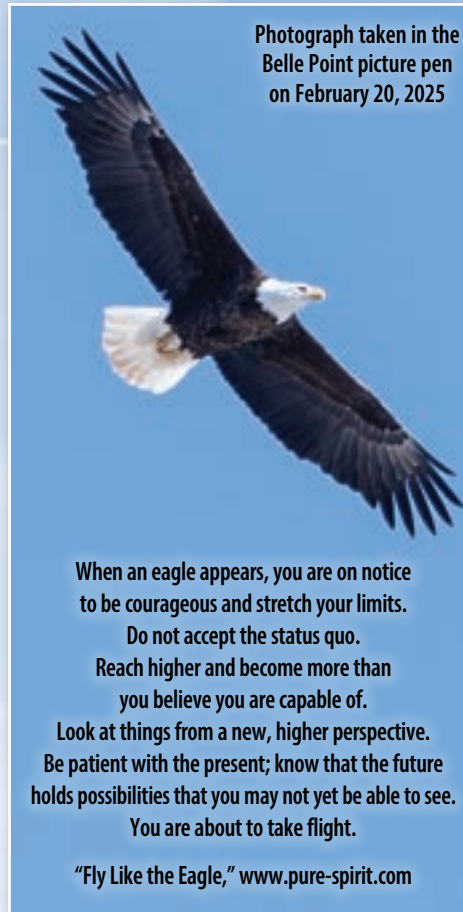

Susan observed that January and February put us through so much more cold weather than usual, and the dreaded stock show crud had lingered for way too many weeks. "WE NEED SPRING BREAK!" she declared. That's humorous because we never actually experienced Padre Island or Cancun for spring break with our college friends. We always came home, to our nesting ground, to work with our family preparing for the most fun week of the year – The Belle Point Sale, Spring Break for Angus Breeders!

We invite you for "Spring Break at Belle Point" on March 29! (Swimsuits and spray tans neither required, nor encouraged.) Come share our passion for Angus and benefit from the progress we've made in our breeding program. Come to meet people and make new Angus friends. We look forward to building relationships with all the folks who join us for our annual sale. You may come as a customer, but you'll leave as a friend – as Dave always said, "All because of the Angus cow!"

Your time and effort to be with us on March 29 – in person, on the phone, on the internet, or in spirit is truly appreciated! Our sale facility is now arranged with comfortable table seating to enjoy conversations, good food and libations while participating in the auction. Look around the Mezzanine for seat claim cards and place cards where your party chooses to sit. Claire has replenished our supply of highly desired Belle Point highlighters; see pages 9–12! New this year, we are serving a unique and tasty lunch from our "Amazing Grazing Table." Mix n' mingle as you graze, whenever you wish. Just like a cow! As usual, our array of fine beverages will be served, cold and golden. We strive to provide an enjoyable "day away" for everyone – if there's anything we can do for you "holler!"

Now it's time to ask that very important question: WWDD? (What Would Dave Do) I'm pretty sure he'd raise his paper towel-wrapped 7oz bottle of Bud and say: 'Nuf said, let's sell some Angus cattle!

Julie McMahon French

Photograph taken in the Belle Point picture pen on February 20, 2025

When an eagle appears, you are on notice to be courageous and stretch your limits.

Do not accept the status quo.

Reach higher and become more than you believe you are capable of.

Look at things from a new, higher perspective.

Be patient with the present; know that the future holds possibilities that you may not yet be able to see.

You are about to take flight.

"Fly Like the Eagle," www.pure-spirit.com

Join us for *Spring Break* at Belle Point!

We are continually...

*Renewing

our genetic base with unique individuals that are structurally correct, functionally efficient, dependably productive, and prudently balanced in the essential traits.

*Revitalizing

our land, water and pastures, as well as working facilities and health protocols to be more practical, systematic, and safe for everyone – especially cattle.

*Relationship-building

by creating new, productive and fun connections with breeders who share our genetic goals and business values, while always seeking opportunities to rekindle our longtime Angus friendships.

We consider our ongoing investments in progress in our beverage business, ranch and Angus breeding program a tribute to David & Mary Ann McMahon who created these opportunities for us!

We're here to help you be SUCCESSFUL and ENJOY being in the Angus business. It's still all about relationships!

Mary Ann McMahon *Ranch Secretary* EXTRAORDINAIRE

Mary Ann's Life Story by Susan McMahon Taylor

July 27, 1931 – August 28, 2024

Mary Ann Lovoi was raised at 405 S. 12th Street in Fort Smith, along with five Lovoi siblings. They were part of a wonderful Italian neighborhood, attended Immaculate Conception School and Church, and enjoyed growing up among many cousins and friends. Following St. Anne's High School, Mary Ann attended the St. Edward School of Nursing and added "Registered Nurse" to her name. She worked mainly as a surgical nurse. One day while Mary Ann was working at St. Edward Hospital, she caught the eye of David McMahon who was visiting his mother. (David had met Mary Ann in Kindergarten at Immaculate Conception, and they attended school together until David moved to public school.) Fortunately for our family, the pair began dating and were married August 22, 1953.

Mary Ann and David were loving life partners and Mary Ann provided patience and full support for his passions in business and cattle breeding, as well as their dedication to raise a good family together. The McMahon's Anheuser-Busch distributorship provided a family business and community involvement. David and Mary Ann began raising Angus cattle on their 40 acres in south Fort Smith, and Mary Ann – a 12th Street city girl – learned and loved being a farm wife and mother! She always said that nothing could top "beer and beef!"

Mary Ann raised five kids with loving lessons and sacrifices of precious time and extra effort, providing wonderful meals (especially suga and meatballs), a beautiful home and unmatched hospitality for our friends, and generous support for lots of other kids who needed mothering. The McMahon home was one where friends gathered and played, had fun cookouts and parties, watched airplanes and fireworks, and worked hard raising animals & other projects.

Mary Ann served our community working tirelessly for the Red Cross, Girl Scouts, 4-H, Angus youth and countless other acts of volunteerism. With five children in many activities, she served as a leader and organizer of Girl Scout campouts, fundraisers, 4-H Share-the-Fun skits and speeches, cattle shows, fairs, and IC church and school activities. The family traveled annually to cattle shows and events, and numerous "beer meetings." Mary Ann performed in the Red Stocking Revue and helped start the legendary Immaculate Conception Spaghetti Dinner. She was always among the first to raise her hand when a need and "the why" was announced. She was creative, and thorough, and never failed to be sure good works were done right.

In 1975 the McMahons established Belle Point Ranch in Lavaca as a second family business. The ranch quickly grew to prominence in the Angus breed. Mary Ann took on the recordkeeping responsibilities of the cattle herd, and kept track of all breeding and calving information. Mary Ann even attended The Graham School to learn artificial insemination, and often boasted that she held an unheard-of 100% conception rate breeding cows. The fact that she only bred one cow was immaterial, the cow had a calf = 100%. The McMahon children were raised showing Angus cattle on the local, state and national levels, and Mary Ann found her dutiful assignment at the unpredictable back end of the animal – fluffing and teasing the switch of the calf's tail for the show! "Doing tails" was her specialty, truly a gift, of which she was proud!

Mary Ann served alongside the lovely ladies of the IC Auxiliary who were her sisters in constant, faithful prayer. She was a dependable member of the Funeral Choir ministry. With intricate needlework, she prayed and stitched a Mother's love into pristine baptismal gowns and crafted sweet baby dolls for young and old alike into huggable best friends that had names and personalities all their own. The spirit of God is in their handiwork! Also in the Auxiliary's ministry, Mary Ann served "the least of these" for 33 years as the administrator of the IC shut-ins list, making sure each home-bound person or nursing home resident had flowers on their birthday and paying for it herself, quietly and selflessly just because she believed it needed doing.

In her sixties, Mary Ann began writing poetry. Her poems included a variety of topics and ideas; they were sometimes clever and silly, and sometimes prayerful and poignant. She was the devoted family matriarch for us and "The 28" children of her siblings after they had passed. Mary Ann was an enthusiastic participant at "Margarita Monday", a weekly dinner gathering of Lovoi extended family and guests. She also loved "Lovoi Family Bowling" and was a popular "Strike Force" bowler! At age 85, she bowled 5 strikes in a game -- and she wrote a poem about it! The family is thankful for "The 12th St. Rag," the family newsletter that Mary Ann and her sisters published. It provides connection to their parents and preserved their immigrant Italian heritage. Entertaining stories, photos and anecdotes of the family's history document who we are, by knowing the people we come from. Mary Ann enjoyed gardening and growing cucuzza and basilico, and loved tending her "Sarino fig tree." She was a very creative person who always had a new made-up joke, pun or invention to share. Her special lifelong gift was finding four-leaf clovers, a gift she has passed to several grandchildren and great-grandchildren.

Loving her neighbor was truly Mary Ann's mission. She served her family, church and community with humility and joy because she understood that in doing things for others she could serve God. She understood that's the point. She lived it and she loved her life.

Mary Ann loved to make up puns and riddles. It's a GENETIC TALENT that she passed on to her children and grandchildren. (Well, some of us!) In 2020, she started an almost daily GROUP TEXT for the truly gifted Word Nerds in the family. Mary Ann would text her "punny prompt" in the morning and the interactive, competitive WORD PLAY often continued ALL DAY!

✿ Now you know where the word play in a Belle Point catalog comes from. No apologies, we were bred to be this way. Mary Ann was dam good at it. (Oops, too easy!)

Time Enough

Man is mortal, this is true.

And that applies to women, too.

To each of us, to those we love,

And to our dearest friends,

At some point human life begins,

And at some point it ends.

We don't know when,

Life is dispensed

In differing amounts.

But it's not how LONG we lived –

It's HOW we lived that counts.

Death, like life, is natural,

And not to be afraid of.

If you love life, guard well your time –

for time's the stuff life's made of.

By Charles Osgood (1933–2024)
Host of CBS News Sunday Morning,
one of Mary Ann's favorite TV programs

Madeline Taylor of Belle Point Ranch is a Graduate of the 2024 Beef Leaders Institute

BEEF LEADERS INSTITUTE

Hosted by American Angus Association
Funded by Angus Foundation
and Certified Angus Beef®

From pasture to plate, it takes multiple links in the value chain to bring Americans the steaks they throw on the grill. The reminder that each link is integral to the success of the others was one of many takeaways for the 25 Angus producers who attended the 2024 Beef Leaders Institute (BLI). The American Angus Association, in partnership with the Certified Angus Beef® (CAB) brand and Angus Foundation, hosts the annual program to develop young cattlemen and women as industry leaders.

The five-day tour started at the Association office in St. Joseph, Mo., included stops in six states before wrapping up at the CAB headquarters in Wooster, Ohio. Attendees toured Tyson-Dakota City, Weborg Feedyard, Buckhead of Ohio, STgenetics® and a Meijer grocery store along the way. The whirlwind of a travel week and many hours on a bus allowed attendees time to get to know one another. This year's group came from a wide range of operations varying in size and kind, representing 16 states and two Canadian providences.

"They always say 'iron sharpens iron.' There are lots of minds that I can now reach out to that are very, very knowledgeable about how to develop cattle and how they think about what is going on in our industry today," says attendee Cole Gardiner, Gardiner Angus Ranch, Ashland, Kan. Reflecting on their week, fellow attendees echoed Gardiner's sentiment. While the tours were valuable and left the group with many ideas to take back to their respective operations, the most valuable takeaway from BLI was the relationships that will outlast the latest genetic trend or market swing.

ANGUS Foundation

The Legacy Sustaining Fund is an UNRESTRICTED FUND that supports Beef Leaders Institute and other experiences that enable Angus producers to expand their horizons within the beef industry.

It's EASY to give as a Legacy Sustainer! Your debit or credit card will automatically make the RECURRING CONTRIBUTION you choose: \$12.50 every month or \$150 every year. Combined with gifts of the same amount from thousands of Legacy Sustainers, YOUR gift will make LASTING IMPACT on the Angus breed.

The McMahon Family asks you to join the Legacy Sustaining Fund today. The IMPACT of your contribution will be truly LIMITLESS!

Welcome Angus Breeders,

It's a pleasure to welcome everyone to this year's annual production sale at Belle Point Ranch on March 29, 2025. Excitement is in the air and there has never been a better time to invest in this progressive program. Belle Point is a unique operation that has always been a destination for those who love the cattle business. It is more than a sale, it is a fun gathering of great people and an opportunity to invest in great Angus cattle.

We have been involved with Belle Point Ranch for decades and the vision and actions of the current generation has really taken shape. Three words sum up the goals of this breeding program: "Renewing, Revitalizing and Relationships."

- The emphasis on current genetic improvements is immediately visible in this catalog. These cattle excel in performance, carcass traits and are phenotypically impressive.
- The ranch has undergone a huge makeover over the last eight years. The footprint is the same, but new, modernized facilities, expansions and improvements are ongoing to meet the needs of the future of this program.
- And lastly, relationships with you, the customer, have always been a priority here. Customer service builds operations and we can promise, you will not find better communications and willingness to serve than at Belle Point. Successful results and enjoyable experiences are in store for you – the future is bright when you connect with this family operation.

What an offering the McMahan Family has put together for their 2025 "The Pathway to Opportunity!" Headlining the offering are seven daughters and two pregnancies produced by the \$80,000 valued lead-off female of the 2024 Belle Point Sale, Hylite 2678. Daughters sired by EZAR Gettysburg 1061, FF Rito Ambitious, Poss Winchester and KA Kindred sell along with pregnancies by the multi-trait sires, GAR Grid Maker L1071 and Boyd Bedrock. This is the deepest offering ever assembled at Belle Point and includes six exciting young females with a \$C over +400. Some of the first daughters of the record-selling FF Rito Ambitious are features you won't want to miss.

The vision David McMahan, Sr. had was to bring Angus breeders together, offer good cattle that make money, and enjoy Angus camaraderie in a fun atmosphere. Dave made an impact on the Angus breed – not only how to sell cattle, but also how to build personal relationships. His philosophies now enacted by the next generations of McMahons make this "new day" exciting!

This is a special sale for all of us at Cotton and Associates. We have a longtime connection to the McMahan family and it is an honor to help them pursue the future of breeding and marketing Angus cattle for many more decades. If you have any questions feel free to contact us, we will be glad to discuss the offering and assist you in any way.

If we can be of service in any way, please feel free to give us a call.

When U.S. soldiers arrived to establish Fort Smith in 1817, a rock shelf carved out by the Arkansas and Poteau Rivers is where they touched shore. The French explorers of the Louisiana Purchase had named this spot at the confluence of the two rivers "Belle Point" meaning "beautiful place."

It was a perfect site, a piece of high ground with access to water that was as functional and efficient as it was scenic. Our business office is adjacent to the point where the soldiers landed, what is now the popular tourist attraction Fort Smith National Historic Site. Mary Ann and David McMahon, Sr. renamed our family company as an homage to our hometown history, and as an inspiration to create a beautiful, growing, thriving company.

The name Belle Point naturally extended to the ranch when it was purchased in 1975. There's a creek that Highway 22 crosses just a mile east of the ranch. The French named it "Vache Grasse" which translates to "fat cow." The name of our town was likely adopted from the Spanish who also explored this region. "La Vaca" means "the cow!" So, we have historical, cultural confirmation that CATTLE have always THRIVED on this BEAUTIFUL PLACE!

To us, *Beautiful Place* means functional, efficient and productive!

We are committed

to accessing the most progressive female lines in the Angus breed to continually build and enhance our cow herd with unique individuals that are structurally correct, functionally efficient, dependably productive, and prudently balanced in the essential traits.

We embrace performance data, genetic evaluation and genomic technology.

First and foremost, we believe that cows and bulls have to be **ABLE** to do their most basic jobs.

That's why we never underestimate the **FUNCTIONAL TRAITS** you can SEE.

For example, for many years we have quoted the veteran AAA Regional Manager Waymon Ashley, and what he said couldn't be more true today:

"Give me an EPD for shoulders, and then let's start talkin' about calving ease!"

We believe you've still gotta **LOOK** at 'em to evaluate the essential traits that impact functional efficiency.

WHOA!

Steve French spotted Hylite 2678 at the 2023 Bases Loaded Sale and NEVER LOOKED BACK!

Hylite 2678 is a **MODEL ANGUS FEMALE** from nose to tail, and her **STUNNING PHENOTYPE** is just the starting point.

Her **BIG TIME NUMBERS** stack up against leading donors in the most selective breeding programs.

But we all know that it's the job of 2678's daughters to **PROVE HER ULTIMATE VALUE.**

Lots 1 thru 6 offer SEVEN daughters on the ground and TWO on the way!

“Never look back” means continuing to be **SUCCESSFUL** after doing something with a **GREAT RESULT.**

Yep, these **FIRST DAUGHTERS** of Hylite 2678 are an **OPPORTUNITY** to **ENJOY** being in the Angus business!

***THANKS**

to Spruce Mountain Ranch for joining with us last year in half interest partnership of Valley Oaks Hylite 2678!

We are truly grateful for the support and friendship of Chuck Brost and Tom & Lois Ames and the Ames family. Our relationship with YOU makes the Angus business **REWARDING** and **FUN!**

Hylite 2678
Gettysburg
Ambitious
Winchester
Kindred
Grid Maker
Bedrock

Bred in the Ward family's Valley Oaks Angus program in Missouri, Hylite 2678 was purchased by Belle Point from the 2023 Bases Loaded Sale in Oklahoma City. A year later, when she was offered as Lot 1 of the 2024 Belle Point Ranch Sale, 2678 more than tripled her total value when Spruce Mountain Ranch won the bid to own half interest. (Chuck Brost and Tom Ames never look back either!)

The dam of Hylite 2678 is an outstanding daughter of the female sire Lombardi 1512, as well as the high \$M donor in the elite Soaring Eagle program. 2678 is sired by Salvation, the proven multi-trait headliner of the Grimmus Cattle Company roster. Hylite 1118, a maternal sister of 2678, was the \$80,000 top-selling bred heifer of the 2022 Soaring Eagle Invitational selected by Ozark Mountain Angus.

The 2025 Belle Point Sale leads off with seven daughters and two heifer pregnancies from Hylite 2678 sired by the hottest sires of the Angus breed: the record-selling Blackstone Cattle Company sire, Gettysburg 1061, the multi-trait leader, Ambitious, the proven ST Genetics roster member, Winchester, the popular ST Genetics sire, Kindred, the genomic leader, Grid Maker L1071, and the record-selling outcross sire, Bedrock.

Full and maternal sibling embryos to Lots 1 through 6 have headlined recent Spruce Mountain Ranch Frozen Genetics sales, they include the selection by Circle F Farm in the February, 2025 sale for \$3,300 each, and the purchase by Pine Tree Ranch in the November, 2024 sale for \$2,000 each.

Handwritten red 'X' mark

KA Kindred

FULL SISTERS 4A & 4B

Did you hear about the
\$3,300 Hylite 2678
HEIFER EMBRYOS that
Circle F bought from Chuck?

It's time to HYLITE their KINDRED SPIRITS!

Cotton & Associates:

Two power growth, Marb., RE, \$M, \$W,
\$B and \$C daughters of Hylite 2678,
daughters of Kindred, one the most talked
about bulls of the 2023 Bull Sale season,
and \$180,000 ST Genetics roster member.

Circle F Farms selected a set of full sibling
embryos in the 2025 Spruce Mountain Ranch
Frozen Genetics Sale for \$3,300 each as the
top-selling embryos in that offering.

Gabriel Ranch acquired a full sister
heifer pregnancy to Lots 4A and 4B in the
2024 Belle Point Ranch Sale for \$9,500.

PREGNANCIES**

GAR Grid Maker L1071

You know what they say...
**"Different STROKES
 for different folks!"**

Hey, Dink, here's a bit of trivia.
 Do you know who said that FIRST?
 Your fellow Kentuckian, Muhammad Ali!
 (Btw, "Dink" was Dave's term of endearment for the breeder of Bedrock.
 Dave's term for the Sire of Lot 6 would be: Big-Time Breedin' Bull!)

Boyd Bedrock

Hylite 2678

Cotton & Associates:

*A special and exciting offering of heifer pregnancies
 from the top of the Belle Point embryo program!*

*Elite matings of Hylite 2678 to the proven genomic
 leader of the FB Genetics roster, Grid Maker L1071
 and the record-selling Boyd Beef sire featured
 in the ST Genetics roster, Bedrock.*

*Hylite 2678, the donor dam of Lots 1A through 6 was
 the half interest and lead-off female of the 2024 Belle
 Point Ranch Sale purchased by Spruce Mountain Ranch.*

*She blends the longtime leader of the Grimmus Cattle
 Company leader, Salvation with the cornerstone of the
 Soaring Eagle of the Ozarks donor program, Hylite 423.*

Good things come in moderate-sized, easy-keeping, reproductively efficient packages.

Jim Moore's REAL WORLD Lesson # 1: "If you have the OPPORTUNITY to get ALL the GROWTH and CARCASS QUALITY you want in a SIZE that's MANAGEABLE, why wouldn't you want that?"

We are partners in Ceary of Conanga 7150 11L with our longtime family friends and neighbors Jim & Missy Moore, Moore Cattle Company, winner of the 2017 Certified Angus Beef® Commercial Commitment to Excellence Award. Ceary is their FIRST, and ONLY, REGISTERED Angus female. Together, we were drawn to Ceary's origin in Connealy's premier maternal herd, her unique pedigree and distinctive EPD profile. She ranks high in production, management and carcass traits and low for mature height, integrating growth and carcass merit in a moderate size. That equates to being cost-effective to maintain, reproductively efficient, economically feasible, hence profitable. Visit Jim Moore's uniform, disciplined, genomics-driven commercial Angus herd while you're at Belle Point. You'll know WHY he is our partner and genomics mentor, and Ceary is the ONE!

Elba 3684

EXAR Elba 9501

Maternal Granddam of Lots 12A and 12B

Lot 12A

Here's an EXCLUSIVE OPPORTUNITY to acquire an AMBITIOUS Heifer and GRID MAKER Heifer Pregnancy from Belle Point's Elba 3684, DIRECT DAUGHTER of the \$650,000 EXAR Elba 9501.

Belle Point's foundation Elba 3684, sired by the record-selling Basin Angus sire Jameson 1076, is a maternal sister to: Elba 3611, the \$240,000 top-selling open heifer selected by Riverbend Ranch in the 2023 Big Event; Elba 3604, the \$300,000 selection of AAA Farms in the 2024 Big Event; Elba 3645, the \$150,000 lead-off female of that offering selling to Nowatzke Cattle Company and Maple Lane Angus; Elba 3640, the \$170,000 selection of Spruce Mountain Ranch and AAA Farms in the 2023 Big Event; and Elba 3682, the \$160,000 selection of Edisto Pines Farm in that same event.

Additional maternal sisters to Belle Point's Elba 3684 include: \$150,000 pick of the Elba 9501 daughters selected by Spruce Mountain Ranch and Express Ranches as the top-selling lot in the 2024 Riverbend Ranch Sale; Elba 3912, the \$130,000 valued half interest selection of Genesis Enterprises in the record-breaking 25th Anniversary Bases Loaded Sale; Elba 3606, the \$140,000 selection of Nowatzke Cattle Company and Maple Lane Angus in the 2023 Big Event; Elba 3637, the \$65,000 selection of Porter Family Partnership in that offering; Elba 3692, the \$50,000 selection of Hopson Angus in that same sale; Closer 3646B, the \$130,000 top-selling bull of the 2024 Express Ranches Bull Sale selected by Grimmus Cattle Company; Voltage 2921B, the \$40,000 third high-selling bull of that offering selected by Dixie Farms; and Safe Keeping 3634B, the \$30,000 fifth high-seller of that event selected by Genex.

Introducing

THE AMAZING GRAZING TABLE

Because the famous French chef Julia Child was always cooking and tasting so much rich, fattening food, she imposed on herself four very basic dietary rules:
“Small helpings. No seconds. No snacking. A little bit of everything.” (WOW! Julia Child eats just like a cow!)

Cattle eat their meals by the bite (small helpings), and only as much as they need to get full (no seconds). As you know, a cow is a ruminant whose stomach is like a large storage vat from which it later regurgitates partially chewed food and fluid, chews it more thoroughly, and swallows it again as the digestion process continues. That means you’re not going to see cattle mindlessly eating “empty calories” (no snacking) because they are bored, anxious or stressed. The cud they are chewing between feedings is actually the same grass, grain, hay and water (a little bit of everything) they previously consumed.

**On March 29, we’re gonna offer A LITTLE BIT OF EVERYTHING (free choice!) on our new Amazing Grazing Bar.
Mix ‘n mingle, look around for what you like, have as many helpings as you want, and seconds too!**

These days, CULINARY GRAZING is a THING. It’s COOL to eat like a COW!

Belle Point Ranch is proud to be the home of the Lavaca 4-H Club. Local youth and families are welcome to join on the second Sunday of the month.

We believe the 4-H Pledge is still a great way to live your best life.

Join us in reciting it and make a point to remember to apply it!

THE 4-H PLEDGE

I pledge...

my **HEAD** to clearer thinking.

DECISION MAKING
PLANNING
ORGANIZING
PROBLEM SOLVING

my **HEART** to greater loyalty.

PERSONAL VALUES
POSITIVE SELF-CONCEPT
CONCERN FOR OTHERS
COOPERATION & COMMUNICATION

my **HANDS** to larger service.

VOLUNTEERING
COMMUNITY SERVICE
PREPARING FOR WORK
SCIENCE & TECH LITERACY

my **HEALTH** to better living.

HEALTHY LIFESTYLE
CHARACTER & ETHICS
STRESS MANAGEMENT
DISEASE PREVENTION

For my club, my community,
my country and my world.

4-H Youth Development helps to prepare young people for successful futures. As a result of career exploration and workforce preparation activities, thousands of American youth are better equipped to make important decisions about their professional future, ready to contribute to the workforce and able to take fiscal responsibility in their personal lives.

 See sale day update.

Congratulations to our family's longtime Angus friend, Bill Rishel!

BILL RISHEL
 has been named the
2025 Inductee
 of the prestigious
Saddle & Sirloin Portrait Gallery

William H. (Bill) Rishel will become the 380th member of this historic gallery when his portrait is unveiled at an induction banquet to be held on Sunday, November 16, 2025 during the North American Livestock Exposition in Louisville, Kentucky. Bill's longtime customers and friends are welcome to attend!

Bill Rishel's distinguished, unselfish service to the beef cattle industry stands as testimony to the roots from which he originated in Pennsylvania – he comes from "good stock." In 1975, with limited resources, Bill and his wife Barb made the bold decision to leave New York and move to Nebraska to establish themselves within the western cattle industry. With their three young daughters, Jill, Joy and Judy, the bull New Criterion, 12 purebred Angus females and a shared passion for good cattle and a vision of excellence, together, they began developing Rishel Angus at North Platte.

Early in life, Bill realized that hard work and determination were attributes needed for success in any endeavor. Always with an eye to the value of maternal inheritance, he crafted his own brand of genetic selection to produce game-changing Angus cattle that led the worldwide industry toward a more focused consumer product.

Bill Rishel was ranching sustainably before anyone else knew what the word meant. He defined sustainability in theory and practice. He shrewdly allocated hard won resources – environmental, financial, genetic – to produce a wholesome, high quality protein source at a profit. He believed in his own abilities and proved that opportunity brings destiny to those who want to work for it.

From pursuing his dream of grazing cows on the strong prairie grasses of western Nebraska to traveling back east to meet one-on-one with consumers in an urban grocery store, Bill poured his passion into every segment of breeding, raising and marketing the highest quality beef in the world. He dedicated his entire life to breeding Angus that have expanded demand in global protein markets. He has bred and raised great cattle, and he has influenced progress in science, technology and policy. He has supported and cooperated with colleagues, and, now, he inspires and mentors the next generation of beef producers.

Down-to-earth, self-made, focused, intelligent, a trailblazer, a visionary, a thought leader, a connector of people... so many descriptive words can be found in over 140 letters of support for Bill's nomination. Because these characterizations are stamped in his DNA, the results of Bill Rishel's remarkable contributions have been branded on the beef industry, forever.

TD Angus at Rishel Ranch has generously made a major commitment to support the Rishel Nominating Committee's fundraising goal.

Your help is needed too! Please join the campaign to help us raise \$200,000 to underwrite the cost of the portrait and the event in Louisville, and establish the Rishel Fund to provide perpetual support of beef industry research and development.

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of old Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. The new National U.S. Marshals Museum highlights the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Tour the Fort Smith Museum of History and browse downtown for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit historic Van Buren across the Arkansas River.

Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. The amazing murals painted on downtown buildings by "The Unexpected Project" have brought urban contemporary art to downtown. The project has transformed our city into a world-class destination for urban and contemporary public art.

The People Behind the LCCC Prefix

Steve & Julie French, Beaverton, Michigan
 www.redwhiteandroan.com
 Steve: 989-798-8223 Julie: 989-965-6363

OFFERING LOTS 28, 29 and 30

Little Cedar Cattle Co. is home to a leading Shorthorn breeding program operated by Steve and Julie French, a daughter of the late David and Mary Ann McMahon. Since their marriage 23 years ago, they have also developed a powerful set of Angus females at their ranch in central Michigan.

We welcome the consignors and customers for the elite Shorthorn sale on Saturday, March 29 that will take place right here at Belle Point after the Angus sale, starting at 4 p.m. Read about the "Springtime Revival" on page 58!

Steve is a broker of plastics raw materials, and he's also on-the-job everyday as a cattle breeder. He's a diligent student of both breeds, and a master at selecting, developing and mating cattle.

An Oklahoma State graduate in Animal Science/Livestock Merchandising, Julie directs and implements promotional strategies for LCCC and BPR year-round, along with advising clients on project development and collaborating on innovative promotional programs. She's an enthusiastic and dedicated supporter of Angus Foundation and Shorthorn Youth Development Fund, continually helping expand awareness and develop programs and events that raise funds.

Steve and Julie actively contribute to Belle Point's management and development on a daily basis, in regular meetings with family members and ranch staff, selecting cattle from national level auctions, determining AI matings, and planning the sale. They're always "thinking big" and are optimistic and enthusiastic about what's ahead on Belle Point's path toward the future!

Look what's coming down from "Up North!"

Georgina 2401 is a calving-ease, RE, \$M and \$C prospect who combines the proven leader of the Katie Colin Farm and Wilson Brothers sire, Ratified, with a outcross dam blending Upstage and Sensation with the two-time Show Heifer of the Year, Georgina 8547. Ratified really worked on the dam of Lot 30! Georgina 2401 is a deep-bodied brood cow prospect! She boasts a \$M of 110 with a low birth weight. She can be bred many different ways to produce herd-changing daughters and sons.

Fancy Fall Heifers

*** We believe you've still gotta LOOK at 'em to evaluate and APPRECIATE the essential traits that impact FUNCTIONAL EFFICIENCY.**

The best way to SEE and UNDERSTAND what it takes to integrate growth and carcass merit in a moderate size is to tour Jim Moore's uniform, disciplined, genomics-driven commercial Angus herd.

Moore Cattle Company is right down the road and Jim will show you how he uses Angus genomics to consistently hit PRIME. Let us know if you'd like to take a tour and we will connect you.

These Young CHANGEMAKERS offer the OPPORTUNITY to Advance your Herd toward TOMORROW!

Lot 50

Put these heifers on GREEN GRASS and you'll see GREEN in your POCKET!

Lot 48 – Growth, Marb. and \$C daughter of the outcross dam, Emma E279, sired by the record-selling headliner of the ST Genetics and Select Sires roster, Craftsman.

Lot 49 – Balanced-trait daughter of the foundation member of the herd sire producing Lady Kelton family in the Belle Point program, Kelton 726, sired by the proven Soaring Eagle of the Ozarks herd sire, Hollywood. The dam of Lot 49 is a direct daughter of the powerful Pathfinder Dam in the Angus Alliance program, Lady Kelton 5551, sired by the proven female sire, Payweight 1682. Maternal siblings to the dam of Lot 49 include the Pathfinder Sire, Ten X.

Lot 50 – Outstanding carcass, \$B and \$C prospect produced by a first calf heifer, Rita 8J21, sired by the longtime ST Genetics roster member, Winchester.

Lot 51 – Growth and Marb. female from the featured Belle Point Lucy, Lucy 8427 sired by the proven Genex roster leader, Iconic. The dam of Lot 51 is a direct daughter of the \$80,000 former Jac's Ranch headliner Lucy V105 and is sired by the cornerstone female sire in the 44 Farms program, Discovery.

Lot 52 – Balanced-trait female from the foundation Vintage Angus Rita family who blends a proven dam, Rita 6203, and the longtime \$M leader in the Knoll Crest Farms and Connealy Angus Ranch rosters, Surpass.

Growth and RE daughter of the foundation Belle Point Chloe, Chloe 5251, sired by the outcross and phenotype sire, Man In Black. Lot 56 is the maternal sister to Lot 44.

For about six years, we have been using a RETRO approach to bridge a gap breeding heifers that are born in Late Fall. We breed them a little later (when they are a little older) so they calve closer to 30 months than 24 months.

In his book "Beef Cattle Science," noted Animal Scientist M.E. Ensminger wrote: "The conception rate of young heifers bred when just reaching puberty is lower than older ones. This may result in spreading the calving season over a longer period, with greater inconvenience and expense, more calving troubles, and a death loss of both dams and calves."

It's working PDG! With significantly increased AI conception rates for the first calf, AND the second, we have everything to GAIN!

First Calf Heifer *Pairs*

Young Matrons with their
January & February calves at side

**When is a
Cow NOT a Cow?**

**When She's a
First Calf Heifer!**
(Hey, that's no joke.)

Sort Young Cows from Mature Cows

Excerpted from
"Beef Cattle Manual"
Seventh Edition, 2015
Oklahoma State University
Extension

First calf heifers have historically been the toughest females on the ranch to get rebred. They are being asked to continue to grow, produce milk, repair the reproductive tract and have enough stored body energy (fat) to return to heat cycles in a short time frame.

Two-year-old cows must fill all of these energy demands at a time when their mouth is going through the transition from baby teeth to adult teeth. If these young cows are pastured with larger, older cows in the herd, they very likely will be pushed aside when the supplements are being fed in the bunk or on the ground. The result of these adverse conditions for young cows very often is a lack of feed intake and lowered body condition. Of course, lowered body condition results in delayed return to heat cycles and a later and smaller calf crop the following year.

PEAK Stapleton Sire of Lots 63A and 64A

We're here to help you be **SUCCESSFUL** and we want your family to **ENJOY** being in the Angus business – as we do!

The DAMS are TRULY BALANCED. The DAUGHTERS are READY TO GO!

Fall Pairs

Lot 65

Erica D29's dam was acquired privately in a group of females selected from the elite Woodhill herd of Wisconsin.

She blends the featured female sire, Robust Y3-A15 and the phenotype female sire Impression while stemming from the famous Woodhill Erica family.

Lot 65 is sired by a Woodhill Farms herd sire, SydGen Merit 6553, who was bred and developed by Sydenstricker Genetics and is featured in the ORigen stud.

You're gonna like Lot 65A, her very Fancy Fall daughter by Stapleton!

Lot 66

Rita A58's dam was selected from the dispersion of the Woodside Farms herd in Virginia.

She is a direct daughter of the longtime Marb. leading donor Rita 0243 who is sired by the foundation female sire, Ten X, and the proven low-birth, \$M leading female sire, Playbook.

You won't want to miss Lot 66A – this daughter of Winchester has a lot going for her!

Calving-ease, PAP, Marb., and \$M from a proven leader of the Belle Point Erica Family

■ Lot 65A is on her own and ready to go March 29!

By Meghan Jones
 Reader's Digest,
 A Trusted Friend in
 a Complicated World

Where did the egg go for spring break? New York City.

Where do cows go for spring break? Moo Jersey.

Where is the funniest place to visit during spring break?
 The mountains, because they're hilly-areas.

It's allergy season again!?!
 You've got to be pollen my leg.

Why is the letter A like a flower?
 Because a B comes after it!

Why couldn't the little flower ride a bike?
 It didn't have any petals.

Did you hear about the flower who went on a date
 with another flower? It's a budding romance.

Should I plant flowers in April? May as well!

When is it impossible to plant flowers?
 When you haven't botany.

Did you hear the one about the gardener who couldn't
 wait for spring? He was so excited, he wet his plants!

Did you hear about the flowers that died and then
 came back to life? It must have been reincarnation.

What did the tree say during springtime?
 "Well, this is quite a re-leaf!"

(Maybe it's relief to you that these corny
 jokes are over. I think they're a-maize-ing!
 There's your next prompt, Word Nerds!)

Proven and productive daughter of the cornerstone Belle Point Rita Family

Lot 67 was produced by Rita 7517, the \$100,000 valued foundation Rita for Spruce Mountain now working in the elite Hopson Angus program in Oklahoma. The dam of Lot 67 is a direct daughter of the longtime leader of the Jac's Ranch donor program Rita 4749, sired by the proven low-birth, \$M phenotype sire Playbook. The outcross genetics of Identified make 0575 unique and easy to mate to the most popular and progressive sire lines. Her February Jameson daughter, Lot 67A, is a promising female you'll want to develop for the future!

+68	+1.47	+76	.035	+76	+81	+202	+338

Lot 68 stems from a powerful and proven direct daughter of the \$500,000 record-selling 44 Farms Ruby 2357 sired by the proven female sire, Index. Maternal siblings to the dam of Lot 68 include: the \$280,000 power donor, Ruby 4399; and the calving-ease and carcass specialist in the Select Sires roster, Bragging Rights. Her son by Gettysburg, Lot 68A, is a new generation Ruby with moneymaking potential!

BELLE POINT RANCH BREEDING BULL GUARANTEE

Because we value your business, we put forth every effort to ensure the integrity of our cattle, our records, and our management and business practices.

Bulls declared by a Breeding Soundness Exam (BSE) to be "satisfactory potential breeders" are guaranteed for the upcoming breeding season, provided they have been maintained at the same standard of nutrition and care they have received here. The bulls in this sale are offered to you with the understanding that they must continue to be developed by you, and attentively managed in breeding cows, until they reach full maturity. Should an issue arise with your bull, report it to us immediately. We may ask you to return the bull to Belle Point Ranch so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

Lot 69 and Lot 70 are Full Brothers. Lot 71 is a Maternal Brother.

69 and 70
 got in a fight,
 and 71.

(That's a joke.
 But bulls will be bulls.
 Right, Jarrod?
 Especially when
 they're BROTHERS!)

Lots 69, 70 and 71

High growth, carcass, \$B and \$C sons of the \$50,000 valued power cow Ruth 934, sired by the \$50,000 Genex roster member Wildcat and the low-birth and Marb. sire Iconic. Their dam, Sankey Ruth 934, was selected by Betts Angus and Lisonbee Angus as the top-selling female of the 2023 Crossroads Collaboration Sale. She blends the female sire Confidence Plus with a proven and productive daughter of the outcross sire Innovation 251, and is a full sister to the dam of \$70,000 Hoffman and Kroupa Pukwana Cattle sire, Hoffman Midwest 024.

Full and maternal siblings to these exciting herd sire prospects include: Ruth 3007, the \$110,000 top-selling female of the 2023 Sankey Sale selected by Katie Colin Farm and C5 Ranch; Ruth 3004, the \$82,000 second high-selling female of that offering selected by Pine View Angus, Linz Heritage Angus and Reverse Rocking R Ranch; Ruth 934 L113, the \$38,000 top-selling female of the Jac's Ranch Dispersal selected by Katie Colin Farm. The full brother to Lot 71, 44 Iconic L243 (pictured on page 55), brought \$14,000 bull in the record-breaking 2025 44 Farms Spring Bull Sale.

Provide Adequate Nutrition, Clean Water, Fly Control & Shade and you'll gain ALL the GENETIC POWER your ANGUS BULL offers!

SALE EVENTS

Preview the sale lots on Friday

Come take a look around on Friday throughout the day until feeding time at 5 pm. Snacks & refreshments will be available.

Friday evening, there are lots of great restaurants located in the hotel area, and in downtown Fort Smith as well where you'll find lively nightlife. Visit www.discoverfortsmith.com for ideas!

Saturday morning, sort the pens starting at 8:00 am. Stop by the Coffee Bar in "The Mezzanine" for a cuppa joe and a morning snack.

Saturday lunch, from 11 am to 2 pm you'll find "a little bit of everything" at our NEW Amazing Grazing Table! (See page 32.) We're making it easy to mix 'n mingle. It's fun to eat like a cow, whatever and whenever you wish!

Throughout the day, an array of our many fine beverages will be served, and graze on snacks "free choice!"

PRE-REGISTER on CCI.Live or at the settlement desk on Saturday morning to be sure we have your current information.

CHECK-OUT at the settlement desk before you leave.

LOAD-OUT will begin 15 minutes after conclusion of the sale. If you're coming back Sunday, or another day, please let us know!

TRAILER PARKING We've created a safe and easy place to park trailers on the NORTH SIDE of Hwy. 22, east of Hwy. 96 traffic light. Turn in at the sign. See map on page 43.

It's Easy To Get To Belle Point!

Fort Smith, Arkansas is 4 miles south of I-40 on the Arkansas-Oklahoma state line.

Flip to page 52 for ranch location, driving directions, and info on convenient airports in Fort Smith, Northwest Arkansas and Tulsa.

Discover Fort Smith

discoverfortsmith.com

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of old Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. The new National U.S. Marshals Museum highlights the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Tour the Fort Smith Museum of History and browse downtown for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit historic Van Buren across the Arkansas River.

Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. The amazing murals painted on downtown buildings by "The Unexpected" has brought urban contemporary art to downtown. The project has transformed our city into a world-class destination for urban and contemporary public art. (Visit www.unexpectedfs.com/art)

Welcome!

FRIDAY, March 28

SATURDAY, March 29

BELLE POINT Fair and Square GUARANTEE

Because we value your business, Belle Point Ranch puts forth every effort to ensure the integrity of our cattle, our records and our management practices. Should an issue arise with your purchase we ask you to report it to us immediately. If more information is necessary, we will proceed together with a timely and thorough investigation that may involve consulting a licensed veterinarian. Once responsibility is determined, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

HERD HEALTH

- Bulls, Cows, ET Recipients and Replacement Heifers are treated pre-breeding with Express 5FP VLS, Alpha 7 MB, Endovac; Cows and Heifers receive Express 5FP VLS at preg-check. All animals over one year of age are vaccinated for Anaplasmosis. All cattle of appropriate age receive the Anaplasmosis vaccine annually in the spring season.
- Calves are treated at birth with Multimin 90, Inforcen and Iodine, and at 3 months with Cattlemaster Gold FP5, Ultrabac7/Somnubac and Endovac.
- Calves are treated at weaning with Bovishield Gold One Shot; Ultrabac7/Somnubac, Pinkeye Shield and Dectomax and post-weaning with Bovishield Gold 5 and Addison Moraxella Bovoculi Bacterin.
- Supplements: Preferred Livestock Products – Game Changer Repro 10, SDS and Repro 20

SALE ORDER – Just follow the lot numbers!

The cattle will sell in catalog order starting with Lot 1! Ear tags on the cattle will correspond to the lot numbers in this catalog. Ear tags on calves at side of dam will correspond to dam's number. Be sure to pick up the Update Sheet at the office or registration/settlement desk to become informed on corrections or additions to catalog info.

Catalog EPDs are current as of 2/21/25. EPDs may change weekly, view updates at www.angus.org.

AFTER SALE CARE & SHIPPING

Sale cattle will be accompanied with proper health certificates for immediate shipment. Belle Point Ranch will care for each lot in the sale for a reasonable amount of time. Please discuss your needs with us prior to the sale, and be sure your plans are noted at the settlement desk.

Truckers believed to be reliable will be available to assist you in making shipping arrangements. We will certainly do our part to help make your shipping arrangements happen! We are no longer able to provide delivery free of charge.

ALL LOTS ARE FULLY INSURED – ADDED VALUE!

Full mortality insurance has been obtained by Belle Point Ranch on all eligible cattle selling on March 29, 2025 with James F. Bessler LLC, Fort Worth, Texas. Coverage in the amount of the purchase price is effective at the fall of the auctioneer's hammer, for a term of 30 days from the day of the sale or until cattle arrive at their destination, whichever is shorter. Calves selling at side of dam will be insured for 25 percent of the purchase price of the lot. Calves under two weeks of age are ineligible for this insurance coverage. However, they are still fully guaranteed by Belle Point Ranch.

If you have a claim or additional insurance needs, contact Jim Bessler Cell: 815-762-2641, Office: 817-562-8980 or E-mail: jjim@jamesfbessler.com, Website: jamesfbessler.com

IMPORTANT POLICIES

Breeding & Pregnancy Checking

Females in this sale have been bred AI or exposed to only the bulls listed in the footnote. Bred cows were pregnancy checked by ultrasound on 3/4/25 and 3/21/25. Pregnancy status as of sale day will be confirmed on the Update Sheet.

Safe Females "60 Day" Policy

Buyer must take on the responsibility of closely monitoring a safe female (including recipient of heifer pregnancy) through heat detection for the first 60 days after the sale to be certain she stays safe in calf. Belle Point Ranch will offer a "Fair and Square" adjustment to the sale price if a cow is determined by a licensed veterinarian to be "open" within 60 days of the sale. Buyer must contact Belle Point no later than May 30, 2025 to report an open female.

Breeding Bull Guarantee

A breeding soundness exam (BSE) will be performed by our veterinarian on all bulls that have reached the maturity recommended for the exam. Bulls declared to be "satisfactory potential breeders" are guaranteed for the upcoming spring breeding season, provided they are maintained at the same standard of nutrition and care received here. Younger bulls are offered with the understanding that they must continue to be developed by the buyer until they reach maturity for a BSE. Should an issue arise with your bull report it to us immediately. We may ask you to return the bull to Belle Point so we can consult our veterinarian for his evaluation of the bull. If the bull's deficiency is determined to be our responsibility, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

Breeding Privileges

Breeding privileges to Belle Point herd sires may be offered on SELECTED FEMALES selling in this sale. The offer of this privilege will be stated on the Update Sheet and announced from the auction block.

Semen Rights

Belle Point Ranch retains the right to obtain 100 straws of semen per year on any bull sold in this sale (born or unborn) at the cost of production, and to purchase A.I. certificates at AAA cost.
